South Plains College Surgical Technology Program
Admissions Information and Application
Fall 2018-Fall 2019

Kristie Cole, CST Program Director/Instructor, (806) 716-4643
kcole@southplainscollege.edu
Paul Landsman, CST Clinical Coordinator/Instructor, (806) 716-4642
plandsman@southplainscollege.edu

The South Plains College Surgical Technology Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendations of the accreditation Review Committee on Education in Surgical Technology (ARC/STSA).

Surgical Technology is a rapidly growing field with a high demand for professionals who can provide optimum patient care, and utilize clinical knowledge in this vital role within the surgical team. It is a challenging and demanding field, but is also rewarding and exciting. The Surgical Technologist scrubs in and participates in surgical procedures to provide assistance to the surgeons and other members of the surgical team. They will also prepare instrumentation and maintain the sterile surgical field. A successful Technologist possesses not only academic knowledge, but critical thinking skills, clinical experience, integrity and stamina. Some employment opportunities include hospital operating rooms, labor and delivery departments, central processing and sterile supply departments, private surgical technologist, emergency departments, county morgues, ambulatory surgical centers, and more.

The Surgical Technology program provides the student with the knowledge and skills required to sit for the national board certification exam, and in turn qualify the student for an entry level position in the field of Surgical Technology, in accordance with the American Medical Association and the Accreditation Review Committee for Surgical Technology and Surgical Assisting Program’s Core Curriculum.

During the first and second semester of the program, students will have classroom and laboratory instruction in preparation for participation in the second and third semesters of clinical rotations through local affiliated hospitals. Classroom instruction conducted at the South Plains College, Reese Campus includes anatomy and physiology, medical terminology, microbiology, patient care in surgery, sterile technique, surgical techniques, instrumentation and surgical procedures.

Clinical experience is gained through rotations at University Medical Center in Lubbock, Covenant Medical Center in Lubbock/Levelland/Plainview, Covenant Women’s and Children’s Hospital in Lubbock, Lubbock Heart Hospital in Lubbock, North Star Surgical Center in Lubbock, and Covenant Surgicenter in Lubbock. The student functions as a member of the surgical team in the operating room under the supervision of the instructor, staff Surgical Technologists, or Registered Nurses. The clinical phase includes further scheduled classroom instruction, but emphasis is placed on extensive clinical experience in actual surgical procedures. Students will participate in clinical rotations from 6:45am until 3:00pm Monday through Wednesday in the summer, and Monday through Thursday in the fall.

Reese Campus
819 Gilbert Drive, Bldg. 5
Lubbock, TX 79416
Description of the Profession

Surgical Technologists are integral members of the surgical team who work closely with surgeons, anesthesiologists, nurses, and other surgical personnel in delivering patient care and assuming appropriate responsibilities before, during, and after surgery. Scrub, circulating, and second assisting surgical technologists have shared responsibility for maintaining the sterile field, being constantly vigilant that all members of the team adhere to aseptic technique.

1. **First Scrub Surgical Technologist**
   The scrub surgical technologist handles the instruments, supplies, and equipment necessary during surgical procedures. He or she has the necessary knowledge and ability to ensure quality patient care during the operative procedure and is constantly vigilant about maintaining the sterile field. Duties are as follows:
   a. Check supplies and equipment needed for surgical procedure
   b. Scrubs, gowns, and gloves
   c. Set up sterile table with instruments, supplies, equipment, and medications/solutions needed
   d. Perform appropriate counts with circulator prior to the operation and before incision is closed
   e. Gown and glove surgeon and assistants
   f. Help with draping the sterile field
   g. Pass instruments/supplies/equipment to the surgeon and assistants during the procedure
   h. Maintain highest standard of sterile technique during procedure
   i. Prepare sterile dressings
   j. Clean and prepare instruments for terminal sterilization
   k. Assist other team members with terminal cleaning of room
   l. Assist in preparing room for the next patient

2. **Circulating Surgical Technologist**
   The circulating surgical technologist obtains additional instruments, supplies, and equipment necessary while the surgical procedure is in progress. He or she monitors conditions in the operating room and constantly assesses the needs of the patient and the surgical team. Duties are as follows:
   a. Obtain appropriate sterile and unsterile items needed for procedure
   b. Open sterile supplies
   c. Check patient’s chart, identify patient, verify surgery to be performed with consent forms, and bring patient to assigned operating room
   d. Transfer patient to operating room table
   e. Assess comfort and safety measures and provide verbal and tactile reassurance to patient
   f. Assist anesthesiologist
   g. Position patient using appropriate equipment
   h. Apply electrosurgical grounding pads, tourniquets, monitors, etc. before the procedure begins
   i. Prepare the patient’s skin prior to draping by the surgical team
   j. Perform appropriate counts with scrub person prior to the operation and before closure
   k. Anticipate additional supplies needed during the procedure
   l. Keep accurate records throughout the procedure
   m. Properly care for specimens
   n. Secure dressings after incision closure
   o. Help transport patient to recovery room
   p. Assist in cleaning of room and preparing for next patient
3. Second Scrub Assisting Technologist

The second assisting surgical technologist assists the surgeon and/or first assistant during the operative procedure by carrying out technical tasks other than cutting, clamping, and suturing tissue. This role is distinct from that of the first assistant and may, in some circumstances, be performed simultaneously with the first scrub role. Duties are as follows:

a. Hold retractors or instruments as directed by the surgeon
b. Sponge or suction operative site
c. Apply electro-cautery to clamps on bleeding vessels
d. Cut suture material as directed by the surgeon
e. Connect drains to suction apparatus
f. Apply dressings to the closed wound

The Surgical Technologist Must Be Able To:

a. Stand, bend, stoop, and/or sit for long periods of time in one location with minimal breaks
b. Lift a minimum of 20 lbs
c. Demonstrate sufficient visual ability to load a fine suture (diameter of a human hair) onto needle holders while wearing safety glasses
d. Demonstrate sufficient peripheral vision to anticipate and function while in the sterile surgical environment
e. Hear and understand muffled communication without seeing the commander’s mouth/lips, within 20 ft. distance
f. Refrain from nourishment or restroom breaks for periods of up to 6 hours
g. Hear activation/warning signals on equipment
h. Detect odors sufficient to maintain environmental safety and patient needs
i. Manipulate instruments, supplies, and equipment with speed, dexterity, and good hand/eye coordination
j. Communicate and understand fluent English, both verbally and in writing
k. Assist with and/or lift, move, position, and manipulate, with or without assistive devices, the unconscious patient
l. Display short and long term memory sufficient to perform tasks such as, but not limited to, mentally tracking surgical supplies and performing anticipation skills intraoperatively
m. Make appropriate judgment decisions in high stress situations
n. Remain calm and respond effectively in emergency situations
o. Exhibit positive interpersonal skills in patient, staff, and faculty interactions

- Descriptions and requirements provided by the Association of Surgical Technologists
**Admission Requirements**

- Admission to South Plains College is a separate admissions process that must be completed prior to applying to the Surgical Technology Program. **Admission to the College does not guarantee admission to the Surgical Technology Program.**
- Applicants will be notified by mail of their acceptance status by the middle of July prior to the intended year of program enrollment. **Program maximum enrollment capacity = 20.**
- **Applications will be accepted January 30, 2018 8:00am through July 1, 2018 4:00pm only**

**Readmission to the Surgical Technology Program:**

- All readmission candidates must complete and resubmit application by the stated deadline.
- A student may request one (1) readmission into the Surgical Technology Program.
- Accepted students that fail to meet the requirement during surgical program and resubmit into program, may do so only once.
- A student **may be denied** readmission.

Lubbock, TX  79416
Requirements of Accepted Applicants ONLY

- A **criminal background check** will be performed by applicant upon admission to program, **AND** healthcare facilities prior to hiring graduates: $48.00
  *Students previously employed by University Medical Center whose status is “non-rehire” are not eligible to attend clinical rotations at this facility.
- The physical examination report (included with acceptance letter) is to be completed by the student’s physician and submitted to the Program Director at Program Orientation in the fall.
- Student must complete a **CPR for Healthcare Providers course (BLS only)** from the American Heart Association.
- According to Texas State Law, and the policies of clinical affiliates, all students enrolled in health career programs must have the following immunizations:

<table>

Surgical Technology Program Application Process

Attached to this information packet is the Surgical Technology Program Application. Application guidelines are as follows:

- Applications will be accepted January 30th through July 1st for each class to begin the following January. **No early or late applications will be accepted.**
- Applications may be faxed, emailed, mailed, or hand delivered to the Office of the Program Director (for address, see “Admissions Requirements”)
- Class selection will occur the **beginning of July**; all applicants will be notified by phone call, and email of their acceptance status.
- **If re-applying to the program, it is the applicant’s responsibility to meet with the Program Director prior to applying as admissions requirements are subject to change.**

Please Note:

- It is the applicant’s responsibility to keep the Admissions and Records Office, and the office of the Program Director, informed of any changes to application information such as test scores, contact information, name changes, etc.
- **Applicants who do not have ALL college transcripts on file and HOLDS with the Admissions and Records Office and an entrance exam score on file with the College by July 1st, will NOT be considered for admission.**
- Students that had been accepted and failed to complete requirements during the academic calendar year, may re-apply. *Note: only a total of two (2) admission (initial admission and the readmission)

Revised 07/2017
Health Occupations Aptitude Exam (HOAE) for Surgical Technology
Mission Statement

The Testing Center helps support the institutional mission of South Plains College by supporting student retention and success by providing examinations and resources to assist academic and professional advancement to students and externally to the community. The Testing Center is committed to maintain the highest compliance with nationally recognized professional testing standards and practices, safeguarding confidentiality of student records, and creating an optimal testing environment. Within this framework, the Testing Center:

- Provides a public service by offering computer-based and/or paper-pencil testing services
- Provides assistance to various campus offices in helping students meet their needs for different programs
- Administers national and professional entrance, certification and advanced-standing examinations available to the college and community
- Provides a facility conducive to a quality testing environment which will be clean, comfortable, quiet, aesthetically pleasing and user-friendly
- Subscribes to the National College Testing Association’s (NCTA’s) Professional Standards and Guidelines for Post-Secondary Test Centers

The Testing Center additionally supports student retention and success by:

- Administering appropriate exams to determine initial course placement
- Referring students to appropriate resources for test preparation and registration

Privacy and Confidentiality

The privacy and confidentiality of all examinee personal information is critical. The test center does not maintain personal files on examinees; nor is information released to any third party or agency or any client receiving services at the test center. Communication of examinee information is restricted to the following: the examinee and the test center; the test center and the test provider; the examinee and the test provider; and the examinee and others as the examinee permits in a written statement.

Security

The Test Center at South Plains College has security measures in place intended to protect against the misuse and alteration of testing materials under our control. Our computer network access to the infrastructure is protected by a firewall protection system. Audio and video taping of examinee information is regarded with confidentiality and privacy.

Examinees

No examinee is permitted access to any area of the test center that contains secure test materials or equipment.
Health Occupations Aptitude Exam (HOAE) Information
For Surgical Technology

Application information:

Applications will be accepted until July 1, 2018. There are two phases of testing for the Surgical Technology program. First, applicants need to be TSI compliant. At South Plains College, the TSI Assessment is the test used to determine college readiness in Reading, Math and English to meet the state requirements. When candidates have passed all sections of this test, they must speak with the Program Director, Kristi Cole before they are eligible to take the Health Occupations Aptitude Exam (HOAE – the second phase of testing for Surgical Technology.) Kristi Cole may be reached at kcole@southplainscollege.edu or by phone at 806.716.4643. Tests need to be taken before application deadline. Scores do not expire but must be within the calendar year. Classes begin in the Fall semester only. There are no pre-requisite courses. Former pre-requisite courses have been integrated in the degree plan. You may, however, take the general education courses before being accepted in the program (any classes not labeled SRGT, HPRS or VNSG).

MUST BE TSI COMPLETE BEFORE TAKING HOAE

Cost of the TSI Assessment is $33.00 and the HOAE test is $48.00 (subject to change)

TSI Assessment scores needed to pass:

Reading: 351
Math: 350
Writing Skills: 363
Essay: 4*

*If you make a 5-8 on Essay, you successfully passed the Writing portion of TSI regardless of the Writing Skills score.

Campus contacts:

Kristi Cole    (806) 716-4643 - Reese
  Program Director

Jennifer Trusty       (806) 716-4689 - Reese
  Testing Assistant

Study links may be found at:

How to Register for a Test

You can register in person at the at the Reese Center, Building 8, Room 805. **You must have a SPC Student ID, picture id (i.e. driver’s license), and form of payment (i.e. cash, credit card or money order) OR register online to pay by credit/debit card.**

**HOW TO REGISTER ONLINE**

1. All examinees must have an application with South Plains College on file to register.

2. **Go to website:** [http://www.registerblast.com/reese](http://www.registerblast.com/reese)

3. On the **Exam Registration** page, choose “Health Occupations Aptitude Exam” from the **group** listed.

4. Choose “Health Occupations Aptitude Exam” from the **exam** drop down menu.

5. Select a test date from the drop down menu. All available **test dates** will be displayed in **green**. Test dates will close three (3) business days before or if seating capacity is reached. If necessary, click the left/right arrows to move to a different month.

6. Select the **time** from the list of time slots available in the drop-down box.

7. **Enter the test taker's information**.

8. Read the **Exam guideline acknowledgement** in the scroll box. Acknowledge the information **by clicking the check box underneath the scroll box**.

9. Enter the test taker's phone number, date of birth and South Plains College Student ID number. The SPC student ID number can be located when you log onto MySPC and click on CampusConnect.

10. Select **ADD TO CART**

11. The next page will show the test taker's cart. Please check to make sure the test, date, time and location are correct. Test taker has the option of adding another exam or checking out.

12. If checking out, **complete the billing information** and click **Purchase Exams**.

13. Once you click **Register**, and your transaction is completed, a confirmation of your registration will appear on the next page. When you receive the email confirmation of your registration, please print it. You must present the printed email on the day of the test.

14. **Check in time for the test begins 30 minutes before start time. Late examinees will not be admitted into the testing room. All test fees are non-refundable and non-transferrable.**
Information about the Health Occupations Aptitude Test

Total number of questions: 380   Total time: 3 hours

Part 1 – Academic Aptitude (90 questions: 45 minutes)

Academic aptitude as measured by the total (combined subtests), might be thought of as a type of ability to learn. The test content is specifically adapted for appraising the combination of innate and acquired abilities that are needed for the work of an academic nature. The academic aptitude total emphasizes familiar experiences and concepts while requiring careful reasoning and the capacity to comprehend and draw conclusions.

Verbal: the verbal aspect consists of vocabulary-related test questions. Empirical evidence has shown this type of test item to be highly related to academic success.

Arithmetic: the numerical aspect consists of the items drawing largely from arithmetic. To some degree, it involves skill with arithmetical concepts along with the computational speed. The content of the numerical items is that to which practically all eighth grade students have been exposed.

Nonverbal: the nonverbal aspect consists of test items calling for a comprehension of form relationships. Measurement is in terms of the ability to manipulate “things” mentally, to reason out differences in pictured objects, and to deal with concrete materials through visualization. Recognition of relationships and of differences has been shown by research to be basic to learning aptitude.

Part 2 – Spelling (60 questions: 15 minutes)

The spelling test measures skill with a tool essential to written expression or communication. It also reflects educations achievement in basic tools of learning.

Part 3 – Reading Comprehension (50 questions: 35 minutes)

This test measures the ability to understand direct statements, interpret written expression, see the authors intent, observe organization of ideas, and to extract information from written material with respect to ideas and purposes; thus read and comprehend what is read.

Part 4 – Information in the Natural Sciences (90 questions: 30 minutes)

Measurement with this test concerns accumulation of information in the natural sciences, i.e., biology, chemistry, health, safety, etc., at a fundamental level. The relationship of knowledge in the area of natural sciences to the course of study of the allied health educational is an obvious one.

Part 5 – Vocational Adjustment Index (90 questions: 15 minutes) The person’s characteristic life style is reflected in his or her distinctive educational and occupational adjustment. Feelings, attitudes, opinions, and other personality characteristics and behavioral traits, which may be quite acceptable in many situations, may not be those desirable for the prospective healthcare professional either as a student or a practitioner.
