Course Syllabus

COURSE: RSPT 2131.200 – Simulations in Respiratory Care
SEMESTER: Spring 2017
CLASS TIMES: 10:00-10:50 AM
Tuesday
INSTRUCTOR: Krista Young, BS, RRT
OFFICE: Room 520
OFFICE/ADVISING HOURS: Monday & Wednesday: 1:50 PM – 3:00 PM
Tuesday: 11:00 AM-12:00 PM
Thursday: 11:00 AM – 12:00 PM
Friday: 9:00 AM- 11:45 AM
Other Times by Appointment
OFFICE PHONE: (806) 716-4624
E-MAIL: kyoung@southplainscollege.edu
FACEBOOK: <https://www.facebook.com/SouthPlainsCollegeRespiratoryCare>

"South Plains College improves each student's life."

GENERAL COURSE INFORMATION

COURSE DESCRIPTION

Theory of clinical simulation examinations. Includes construction types, scoring, and mechanics of taking the computerized simulation examination.

END-OF-COURSE-OUTCOMES

1. Utilize clinical simulations to enhance information gathering and decision making skills.
2. Student will be skilled in the technical aspects of successfully completing the computerized clinical simulation exam.

COURSE OBJECTIVES AND STUDENT LEARNING OUTCOMES

1. Discuss the history and theory of clinical simulation testing
2. Identify the structure of clinical simulations test and scoring mechanisms (C1, C5, C18, C19, C20, F1, F3, F4, F8, F12)
3. Differentiate between information gathering and decision making as applied to the clinical simulation test (C1, C5, C18, C19, C20, F1, F3, F4, F8, F12)
4. Differentiate between the major diseases that may be covered on the clinical simulation test (C1, C5, C18, C19, C20, F1, F3, F4, F8, F12)
5. The student will be familiar with NBRC Clinical Simulation Board Exam matrices and content

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

Plagiarism - Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

SCANS and FOUNDATION SKILLS

Refer also to Course Objectives. SCANS and Foundation Skills attached.

VERIFICATION OF WORKPLACE COMPETENCIES – Health Occupations Division

Capstone Experience. This class utilizes the NBRC CSE-SAE as its final examination. The SAE exam scores are established by the NBRC. The recorded scores for each are calculated from the table of the corrected scores under Grading Policy. These exams test the advanced level skills taught during the registry portion of the program, as well as some knowledge that is comprehensive for the entire two years.

SPECIFIC COURSE INFORMATION

TEXT AND MATERIALS

Students are required to obtain the following:

1. Gary Persing. Respiratory Care Exam Review. 4th Ed., (2015).
2. NBRC Clinical Simulations Examination Detailed Content Outline
3. Dana Oakes Respiratory Simulation: Student/License Workbook. ISBN 978-0932887504

EVALUATION METHODS

1. Unit Examinations
2. Assignments
3. Class Participation
4. Final Examination

CLASS ATTENDANCE

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Regular attendance is necessary to successfully meet the course objectives. The student is responsible for all class work covered during absences from class. Students are expected to be in class, on time. A student is tardy if he/she arrives more than 5 minutes after class begins. If a student is tardy to class three times, it will be counted as one absence. It is the student's responsibility to inform the instructor of the reason for an absence and to do so in a timely fashion. A student may be administratively withdrawn from the course if he/she has more than **three** absences from class and the instructor determines the student is unable to successfully meet the course objectives.

Students who are tardy are asked to respect their peers and enter the classroom quietly in order not to disrupt the class. Students who are late to a class starting with an examination will not be given additional time to complete the exam. The exam will be finished when the last on-time student has completed.

ASSIGNMENT POLICY

Students are expected to maintain a reading schedule at home to keep current with classroom discussions. Late assignments will not be accepted.

1. In order to practice for the clinical simulation exam, the student will complete 10 clinical simulation modules on the computers in the library or computer lab in building 5. Grade reports for each exam must be printed to receive credit for completing the exam. Exams may be completed more than once to achieve the highest grade possible. Grade reports are due no later 4/25/17.

CLASS PARTICIPATION

Students will receive a daily grade for class participation. Students will be able to drop one of their lowest class participation grades. A detailed grading rubric will be posted on Blackboard. The participation is determined by:

- Average in all categories 2.9-3.0 = 100%
- Average in all categories 2.40-2.89= 93%
- Average in all categories 2.0-2.39 = 85%
- Average in all categories 1.5-1.99 = 77%
- Average in all categories 1.0-1.48= 70%
- Average in all categories < 1.0= 50%

UNIT EXAMS

Each unit exam will consist of a computerized clinical simulation. In order to prepare for the actual board exam, there will be a time limit on the exams. Details will be covered in class.

The following is the guideline for the adjusted score on unit exams:

Raw Score	Adjusted Score
90-100	100%
80-89	94%
70-79	88%
61-69	82%
50-60	75%
<50	Actual score

FINAL EXAMINATION

The NBRC Clinical Simulation Exam (CSE)-SAE will be purchased from Applied Measurement Professionals from fees the students paid to SPC during registration this semester. The NBRC self-assessment examination will be administered under conditions similar to actual testing conditions. The testing date is Wednesday May 3rd from 9:00 AM to 12:00 PM in Building 8, Room 823. There will be no make-up for the final examination.

The following is the guideline for the adjusted score for the CSE-SAE:

Raw Score	Adjusted Score
80-100	100%
70-79	90%
61-69	80%
55-60	75%
<55	Actual score

GRADING POLICY - Grades in this course will be determined using the following criteria:

Exams	30%
Assignments	20%
Class Participation	20%
Final Examination	30%
A = 90 - 100	
B = 80 - 89	
C = 75 - 79	
F = <75	

Make-up exams will not be given.

Successful completion of this course requires:

1. A final grade of 'C' (75%) or better

REMEDICATION

If a student fails an exam that is accounted for in the grading system (non-dropped exams), the student will be required to make an appointment with the Respiratory Care faculty within one week of the exam in order to develop a written plan to gain better understanding of the material covered on the exam. This plan will designate responsibilities of all involved parties and may include but not limited to: review of exam topics, written discussion of topics, and oral discussion of topics.

Please refer to the 2016-2017 Respiratory Care Program student handbook (pg 15-16) for the remediation policy for lab competencies.

COMMUNICATION POLICY

Electronic communication between instructor and students in this course will utilize the South Plains College "My SPC" and email systems. Instructor will not initiate communication using private email accounts. Students are encouraged to check SPC email on a regular basis.

The Respiratory Care Program has a Facebook page at <https://www.facebook.com/SouthPlainsCollegeRespiratoryCare> . In addition to the South Plains College website, this Facebook page will be used to keep students up-to-date on program activities, weather delays, South Plains College announcements and will help with program recruitment. "Liking" the Respiratory Care Program Facebook page is not mandatory, nor is personal Facebook accounts, in order to access this page.

If necessary, students may contact me on my personal cell phone between the hours 8:00 am-7:30 pm M-F. On the weekends/holidays, please do not contact me before 10:00 am and after 6:00 pm. If you need to reach me after the hours listed, please send an email to my SPC email.

CELL PHONE, PAGERS, and OTHER ELECTRONIC DEVICES

Cell phones distract from the learning environment. For this reason, they should be turned off and put away out of view upon entering the classroom. If you must carry a pager or phone to class for emergency purposes, please see me in advance. If you bring a laptop to class, it should not be used for purposes other than taking notes in class. You may not record lectures in this class.

CLASSROOM ETIQUETTE

Talking incessantly with your neighbor during lectures is not acceptable behavior. If you do talk repeatedly in class, I will ask you to leave the room. Please do not leave once class begins to get a snack, get a drink, or any other activity.

CHANGES and AMENDMENTS TO SYLLABUS

The program director or clinical coordinator reserves the right to make reasonable changes to the syllabus at any time during the semester. If this occurs, the students will be notified and furnished a copy of all applicable changes or amendments.

STUDENT CONDUCT

Students in this class are expected to abide by the standards of student conduct as defined in the SPC Student Guide.

COURSE OUTLINE

Unit 1 Test Taking Skills

Cover NBRC Detailed Content Outline and new guidelines for exam

Unit 2 Obstructive Diseases

Exam 1

Unit 3 Trauma

Exam 2

Unit 4 Neurological/Neuromuscular Diseases

Exam 3

Unit 5 Cardiovascular

Exam 4

Unit 6 Pediatric/Neonatal

Exam 5

Unit 7 Adult Medical/Surgical

Exam 6

Final Examination

CSE-SAE Examination

ACCOMMODATIONS

DIVERSITY STATEMENT

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

DISABILITIES STATEMENT

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland Student Health & Wellness Center 806-716-2577, Reese Center (also covers ATC) Building 8: 806-716-4675, Plainview Center Main Office: 806-716-4302 or 806-296-9611, or the Health and Wellness main number at 806-716-2529.

FOUNDATION SKILLS

BASIC SKILLS—Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks

F-1 Reading—locates, understands, and interprets written information in prose and in documents such as manuals, graphs, and schedules.

F-2 Writing—communicates thoughts, ideas, information and messages in writing and creates documents such as letters, directions, manuals, reports, graphs, and flow charts.

F-3 Arithmetic—performs basic computations; uses basic numerical concepts such as whole numbers, etc.

F-4 Mathematics—approaches practical problems by choosing appropriately from a variety of mathematical techniques.

F-5 Listening—receives, attends to, interprets, and responds to verbal messages and other cues.

F-6 Speaking—organizes ideas and communicates orally.

THINKING SKILLS—Thinks Creatively, Makes Decisions, Solves Problems, Visualizes and Knows How to Learn and Reason

F-7 Creative Thinking—generates new ideas.

F-8 Decision-Making—specifies goals and constraints, generates alternatives, considers risks, evaluates and chooses best alternative.

F-9 Problem Solving—recognizes problems, devises and implements plan of action.

F-10 Seeing Things in the Mind's Eye—organizes and processes symbols, pictures, graphs, objects, and other information.

F-11 Knowing How to Learn—uses efficient learning techniques to acquire and apply new knowledge and skills.

F-12 Reasoning—discovers a rule or principle underlying the relationship between two or more objects and applies it when solving a problem.

PERSONAL QUALITIES—Displays Responsibility, Self-Esteem, Sociability, Self-Management, Integrity and Honesty

F-13 Responsibility—exerts a high level of effort and perseveres towards goal attainment.

F-14 Self-Esteem—believes in own self-worth and maintains a positive view of self.

F-15 Sociability—demonstrates understanding, friendliness, adaptability, empathy and politeness in group settings.

F-16 Self-Management—assesses self accurately, sets personal goals, monitors progress and exhibits self-control.

F-17 Integrity/Honesty—chooses ethical courses of action.

SCANS COMPETENCIES

C-1 **TIME** - Selects goal - relevant activities, ranks them, allocates time, prepares and follows schedules.

C-2 **MONEY** - Uses or prepares budgets, makes forecasts, keeps records and makes adjustments to meet objectives.

C-3 **MATERIALS AND FACILITIES** - Acquires, stores, allocates, and uses materials or space efficiently.

C-4 **HUMAN RESOURCES** - Assesses skills and distributes work accordingly, evaluates performances and provides feedback.

INFORMATION - Acquires and Uses Information

C-5 Acquires and evaluates information.

C-6 Organizes and maintains information.

C-7 Interprets and communicates information.

C-8 Uses computers to process information.

INTERPERSONAL—Works With Others

C-9 Participates as member of a team and contributes to group effort.

C-10 Teaches others new skills.

C-11 Serves Clients/Customers—works to satisfy customer's expectations.

C-12 Exercises Leadership—communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.

C-13 Negotiates—works toward agreements involving exchanges of resources; resolves divergent interests.

C-14 Works With Diversity—works well with men and women from diverse backgrounds.

SYSTEMS—Understands Complex Interrelationships

C-15 Understands Systems—knows how social, organizational, and technological systems work and operates effectively with them.

C-16 Monitors and Corrects Performance—distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.

C-17 Improves or Designs Systems—suggests modifications to existing systems and develops new or alternative systems to improve performance.

TECHNOLOGY—Works with a Variety of Technologies

C-18 Selects Technology—chooses procedures, tools, or equipment, including computers and related technologies.

C-19 Applies Technology to Task—understands overall intent and proper procedures for setup and operation of equipment.

C-20 Maintains and Troubleshoots Equipment—prevents, identifies, or solves problems with equipment, including computers and other technologies.

RESPIRATORY CARE
Course Agreement
RSPT 2131.200
SPRING 2017

I have received a copy of the course syllabus for RSPT 2131.200. I have reviewed the syllabus, and understand the course format, attendance policy, and examination system. I further understand my responsibilities and rights, as explained by the instructor and listed in the syllabus, and agree to all course requirements as stated in the course syllabus.
