

## About the South Plains College Foundation

The South Plains College Foundation is a charitable 501(c)(3) tax-exempt corporation established in 1979. The Foundation, which is fiscally and legally separate from the college, exists for the purpose of developing scholarship programs, supporting academic excellence, enhancing the educational programs of the college and expanding college opportunities for the students of South Plains College.

As a not-for-profit corporation, the SPC Foundation receives and manages gifts and bequests in a manner that ensures maximum benefit to the donor as well as to the college. All gifts are tax-deductible to the fullest extent of the law. Contributions may be made in the forms of gifts of cash, real or personal property, securities, provisions in a will, gifts of insurance policies or by the establishment of trusts. Gifts may be given to support particular programs and activities or given without restriction as to use.

## Scholarships at South Plains College

This academic year, the South Plains College Foundation provided \$930,842 to fund scholarship awards for 848 students. We continue to rely on your help to close the ever-widening gap between available scholarship funds and students who wish to improve their lives through higher education.

100% of the Scholarship Golf Scramble proceeds go directly to SPC student scholarships.

It is our hope that continued support of the Founders Endowment will provide greater opportunity for the granting of college-wide scholarships to graduates of college service area high schools and beyond.

Your generous support of this year's Scholarship Golf Scramble expands the number of students served.
