PROMULGATION STATEMENT – REV. 8/23/2022

South Plains College’s (SPC) mission is to provide educational opportunities that improve the lives of its students by establishing a foundation for lifelong learning. To accomplish this mission, SPC must ensure its operations are performed efficiently with minimal disruption. The goal of the Return to Campus Plan is to ensure that mitigation, preparedness, response, and recovery actions exist so that public welfare and safety are preserved.

The Return to Campus Plan and contents within are a guide to how South Plains College conducts business during the COVID-19 pandemic and monkeypox outbreak. If necessary, the plan will follow the college’s Emergency Operation Plans regarding pandemic response.

PLAN REVISIONS

The Return to Campus Plan is a living document that is subject to change. Revisions to a specific section will be noted in the title of the section and updated in the Table of Contents, on the cover page and with notations at the end of the document. The most recent version will be posted on the SPC COVID-19 Resource page (https://www.southplainscollege.edu/emergency/covid19-faq.php). Historical copies of the plan are available from the Office of the Vice President for Student Affairs.

COMMUNICATIONS TO THE COLLEGE COMMUNITY AND THE PUBLIC

When communicating COVID-19 related information to students, employees or the public, SPC will follow applicable policies and procedures from the SPC Emergency Operations Plan, as well as recommendations from the Centers for Disease Control and Prevention “Guidance for Administrators of U.S. Institutions of Higher Education” (www.cdc.gov/coronavirus/2019-ncov/community/guidance-ihe-response.html). The Executive Director of Marketing and Communications will be responsible for coordinating all internal and external communications that are directed through various media. The Associate Director of Health and Wellness will be responsible for coordinating communications with local and state health officials and serve as the primary health advisor to the college community.

SPC will develop communications plans for the following types of public information:

- Steps that are being taken to return to campus for fall 2021 and thereafter;
- Changes in college operations designed to mitigate the spread of COVID-19;
- Changes to usual campus schedules and functions;
- Information the SPC community can use to protect themselves from infectious disease, including COVID-19;
Steps that are being taken when a confirmed case has been on campus, regardless of community transmission. It is critical to maintain confidentiality of the student or staff members as required by the Americans with Disabilities Act and the Family Education Rights and Privacy Act, as applicable;
• Decisions about temporary class suspensions and event or activity cancellation.

It is critical that information related to college operations and response to COVID-19 be accurate and timely, and the sharing of such information should be made without increasing fear and stigma. Keeping the community informed with accurate information can counter the spread of misinformation.

CDC Guidelines
The procedures put into motion by this plan are based on Center for Disease Control (CDC) guidelines and recommendations for Higher Education institutions. Any questions regarding CDC guidelines should be addressed to DeEtte Edens, BSN, RN at x2376 or dedens@southplainscollege.edu.

COVID-19 Proof of Vaccination — Rev. 8/26/2021
In compliance with Governor Abbot’s Executive Order GA-38 and GA-39, SPC will not require any person to show proof of vaccination. However, it is strongly recommended to get the vaccine for protection of self and others from the COVID-19 virus.

Personal Protective Equipment (PPE) — Rev. 8/26/2021
South Plains College policy complies with Governor Abbot’s Executive Order GA-38 and GA-39 and does not require a face covering for anyone. Individuals who are exposed to someone with a known positive COVID-19 test are strongly encouraged to wear a face covering for the recommended time-period identified by the CDC while in an SPC building. A face mask may be made available to students and employees if needed. **CDC does not recommend use of face shields as a substitute for masks.** The Americans with Disabilities Act (ADA) regulations do not require or allow the college to alter operating policy as an accommodation. Anyone with concerns regarding health and the face mask policy may contact DeEtte Edens, BSN, RN at 806-716-2376 to request a reasonable accommodation.

Personal Hygiene
All students/employees are encouraged to implement good hygiene measures such as washing hands regularly, using hand sanitizer, and covering coughs/sneezes. Hand sanitizing stations are available across all SPC locations.

General Guidance for Testing of and Exposure to COVID-19 — Rev. 8/23/2022
All faculty, staff and students who are experiencing COVID-19 symptoms will be asked not to attend class or work and to contact their healthcare provider immediately. Additionally, anyone who is experiencing symptoms should contact his/her faculty member or supervisor as well as DeEtte Edens, BSN, RN at x2376 or dedens@southplainscollege.edu.

Any individual who has a positive COVID-19 test should contact DeEtte Edens and their faculty/supervisor immediately. Proof of a positive test is required. A home test is sufficient but students need to submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy
of the doctor’s note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu. She will then provide a return to class or work date. Those with a positive test will be required to isolate for the recommended timeframe. DeEtte Edens, BSN, RN will advise in consideration with CDC and DSHS guidelines.

South Plains College will not track exposures based on close contact and will not quarantine these exposed individuals.

Individuals who are exposed to someone with a known positive COVID-19 test are not required to isolate. If exposed, SPC does request individuals closely monitor themselves. If an individual does become symptomatic, please do not attend class or work and be tested.

Faculty will be notified by DeEtte Edens of any positive exposures in their class. They will accommodate the individual being isolated.

Social (Physical) Distancing
Social, or physical, distancing is highly encouraged while at South Plains College.

Sanitation
- Public Spaces
  Public areas will be sanitized on a regular basis.
- Instructional Spaces
  Classrooms and student areas will be cleaned and sanitized regularly.
- Residence Spaces
  See Residence Life section on Sanitation.

GENERAL HEALTH AND SAFETY – MONKEYPOX – REV. 8/23/2022
Monkeypox is a rare viral illness caused by infection with the monkeypox virus. The most prevalent symptoms are a blistery rash that may be painful or itchy, along with fever, chills, swollen lymph nodes, and muscle aches - similar to the flu. The monkeypox virus spreads through close, personal, and skin-to-skin contact. It also can spread through contact with objects or fabrics (such as clothing or linens) that previously touched an infected rash. Recently, monkeypox has been diagnosed in countries that have historically not reported cases, including the United States. Monkeypox is not as contagious as COVID-19 and is currently considered a low threat to the general public because person-to-person spread requires close contact with an infected person for long periods of time.

If you have monkeypox symptoms, please see your primary care provider for testing and treatment. The College recommends that students, faculty, and staff with a confirmed infection or known exposure report to DeEtte Edens, BSN, RN at x2376 or dedens@southplainscollege.edu and remain off campus until provided further instruction.

Monkeypox vaccines are in limited supply, so the CDC recommends vaccination only for those exposed or at higher risk of being exposed to the monkeypox virus.
All classroom occupancies have returned to normal. Please refer to section on General Health and Safety for additional information.

Course Syllabus Statement
The following statement should be included in all course syllabi for face-to-face and hybrid instruction options:

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or test for COVID-19.

- Cough, shortness of breath, difficulty breathing
- Fever or chills
- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at dedens@southplainscollege.edu or 806-716-2376. Proof of a positive test is required. A home test is sufficient, but students must submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor’s note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu.

A student is clear to return to class without further assessment from DeEtte Edens, BSN, RN if they have completed the 5-day isolation period, symptoms have improved, and they are without fever for 24 hours without the use of fever-reducing medication.

Students need to communicate with DeEtte Edens, BSN, RN prior to their return date if still symptomatic at the end of the 5-day isolation.

The Residence Hall visitation policy has been reinstated. Please refer to the policy in the Residence Life Handbook.

Isolation Expectations — Rev 8/23/2022

When a student residing in the residence hall has tested positive for COVID-19 and is determined to need to isolate, the Associate Director of Health and Wellness informs Residence Life staff of the need to isolate. The student is given the option to isolate at home away from campus until they are cleared for return or to isolate on campus in the designated isolation housing. The student is given the SPC Smallwood Isolation Expectations and is required to sign these acknowledging they understand and agree to follow the guidelines. Any resident who stays in isolation housing and does not follow the isolation expectations is subject to removal from housing. (See Isolation Expectation agreement on next page.)

Isolation and Room Cleaning Procedure — Added 8/23/2022

When a student living in a residence hall is confirmed to have COVID-19 she/he will be given the option to isolate off campus or on campus in rooms set aside for isolation. After the student temporarily vacates their regular assigned room and bath are cleaned and sanitized by custodial staff. After students diagnosed with COVID-19 move out of isolation housing the room will be cleaned and sanitized by custodial staff.
SPC Smallwood Isolation Expectations (8/23/2022)

If you have tested positive for COVID-19 and our medical personnel have directed, you are required to isolate for five days (or until cleared by the Associate Director of Health & Wellness). You have been given two options. Place an “X” beside your choice:

_____ 1. Isolate away from campus until cleared by Associate Director of H&W, or
_____ 2. Isolate in Smallwood Apartment for five days (or until cleared by Associate Director of H&W).

Upon completion of the isolation and approval from medical personnel you will be allowed to return to your original room on campus.

These measures are necessary to decrease the spread of the virus between individuals on campus.

During the isolation period, the following things are MANDATORY:

1. Stay AWAY from EVERYONE outside of the Smallwood isolation area where you are temporarily assigned. You may visit with others in the apartment.
2. You may NOT go outside. Remember, this is for the protection of the entire SPC community.
3. You may not leave Smallwood apartments. Do not go to town, to the drive through to get food etc.
4. Food will be delivered 3 times per day to your Smallwood residence. If someone wants to deliver a care package, they can leave it on your porch, knock and when they leave you can get it.
5. Remember, you CAN keep contact by phone, Facetime, social media etc. with other individuals and this is encouraged.
6. Keep in contact with your professors and stay up to date with your course work. If you need items to help you do this, please contact the Dean of Students Office at 806-716-2379 and we will assist you.
7. If you need counseling services offered through Health and Wellness you can contact them at 806-716-2529 and set up remote sessions.
8. If you experience new or concerning physical symptoms, contact DeEtte Edens at 806-716-2576.
9. In case of an emergency please contact the SPC police department at 806-716-2396.
10. In the case that you have any housing related questions while in isolation, please contact the on-call RA at 806-891-2994.

Thank you in advance for doing your part to keep the SPC Campus safe and to stop the spread of COVID-19.

This is a serious issue and if you choose not to follow isolation guidelines you may face sanctions such as REMOVAL FROM RESIDENCE HALLS for the rest of the semester or academic year.

Please sign to indicate agreement.

I have read and will follow the above guidelines.

Key Concepts

• As of 8/23/2022, the National Junior College Athletics Association (NJCAA) no longer has specific guidelines for COVID-19. South Plains College and the athletic department will continue to follow the guidelines set by the Centers for Disease Control and Prevention (CDC).

• Hygiene and Sanitation continues to be an important part of COVID-19 mitigation.

• Any athlete that reports symptoms of COVID-19 will be tested using an antigen testing kit and/or will be referred to student health for additional evaluation and testing.

• The athletic department will follow the isolation guidelines set by the CDC.
**Hygiene and Sanitation**

Hand sanitizer is readily accessible throughout campus and athletic facilities. It should be used often by students and staff. Disinfectant will be available for disinfecting common use items and equipment.

Maintenance and custodial staff have begun and will continue enhanced cleaning and sanitation of campus including all athletics facilities on a regular basis.

Water will continue to be provided at practices, but common use items such as team water bottles and towels will not. Individual water bottles or disposable cups will be provided. Sharing of such items is discouraged.

**COVID-19 Testing and Reporting**

- Athletes who report symptoms of COVID-19 will be tested in the athletic training room using an antigen testing kit. Those symptoms are as follows:
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Congestion or runny nose
  - Nausea or vomiting
  - Diarrhea

- If an athlete tests negative they will be referred to student health services for additional evaluation and testing.

- If an athlete tests positive they will follow the isolation guidelines set by CDC.

- Exposed individuals will not be required to quarantine, but will monitor for symptoms.

- Testing of exposed individuals may be required due to circumstances of upcoming travel or game participation. These will be handled on a case-by-case bases based on the recommendations of DeEtte Edens and/or Team Providers.
