

Health Occupations Aptitude Exam (HOAE) for Surgical Technology

Mission Statement

The Testing Center helps support the institutional mission of South Plains College by supporting student retention and success by providing examinations and resources to assist academic and professional advancement to students and externally to the community. The Testing Center is committed to maintain the highest compliance with nationally recognized professional testing standards and practices, safeguarding confidentiality of student records, and creating an optimal testing environment. Within this framework, the Testing Center:

- Provides a public service by offering computer-based and/or paper-pencil testing services
- Provides assistance to various campus offices in helping students meet their needs for different programs
- Administers national and professional entrance, certification and advanced-standing examinations available to the college and community
- Provides a facility conducive to a quality testing environment which will be clean, comfortable, quiet, aesthetically pleasing and user-friendly
- Subscribes to the National College Testing Association's (NCTA's) Professional Standards and Guidelines for Post-Secondary Test Centers

The Testing Center additionally supports student retention and success by:

- Administering appropriate exams to determine initial course placement
- Referring students to appropriate resources for test preparation and registration

Privacy and Confidentiality

The privacy and confidentiality of all examinee personal information is critical. The test center does not maintain personal files on examinees; nor is information released to any third party or agency or any client receiving services at the test center. Communication of examinee information is restricted to the following: the examinee and the test center; the test center and the test provider; the examinee and the test provider; and the examinee and others as the examinee permits in a written statement.

Security

The Test Center at South Plains College has security measures in place intended to protect against the misuse and alteration of testing materials under our control. Our computer network access to the infrastructure is protected by a firewall protection system. Audio and video taping of examinee information is regarded with confidentiality and privacy.

Examinees

No examinee is permitted access to any area of the test center that contains secure test materials or equipment.

Health Occupations Aptitude Exam (HOAE) Information For Surgical Technology

Application information:

Applications will be accepted until July 1, 2020. There are two phases of testing for the Surgical Technology program. **First, applicants need to be TSI compliant.** At South Plains College, the TSI Assessment is the test used to determine college readiness in Reading, Math and English to meet the state requirements. Tests need to be taken before application deadline. Scores do not expire but must be within the calendar year.

Classes begin in the Fall semester only.

There are no pre-requisite courses. Former pre-requisite courses have been integrated in the degree plan. You may, however, take the general education courses before being accepted in the program (any classes not labeled SRGT, HPRS or VNSG).

MUST BE TSI COMPLETE BEFORE TAKING HOAE

Cost of the TSI Assessment is \$33.00 and the HOAE test is \$68.00 (subject to change)

TSI Assessment scores needed to pass:

Reading: 351

Math: 350

Writing Skills: 363

Essay: 4*

*If you make a 5-8 on Essay, you successfully passed the Writing portion of TSI regardless of the Writing Skills score.

13. Once you click **Register**, and your transaction is completed, a confirmation of your registration will appear on the next page. When you receive the email confirmation of your registration, please print it. You must present the printed email on the day of the test.
14. **Check in time for the test begins 30 minutes before start time. Late examinees will not be admitted into the testing room. All test fees are non-refundable and non-transferrable.**

Information about the Health Occupations Aptitude Test

Total number of questions: 380 Total time: 3hours

Part 1 – Academic Aptitude (90 questions: 45 minutes)

Academic aptitude as measured by the total (combined subtests), might be thought of as a type of ability to learn. The test content is specifically adapted for appraising the combination of innate and acquired abilities that are needed for the work of an academic nature. The academic aptitude total emphasizes familiar experiences and concepts while requiring careful reasoning and the capacity to comprehend and draw conclusions.

Verbal: the verbal aspect consists of vocabulary-related test questions. Empirical evidence has shown this type of test item to be highly related to academic success.

Arithmetic: the numerical aspect consists of the items drawing largely from arithmetic. To some degree, it involves skill with arithmetical concepts along with the computational speed. The content of the numerical items is that to which practically all eighth grade students have been exposed.

Nonverbal: the nonverbal aspect consists of test items calling for a comprehension of form relationships. Measurement is in terms of the ability to manipulate “things” mentally, to reason out differences in pictured objects, and to deal with concrete materials through visualization. Recognition of relationships and of differences has been shown by research to be basic to learning aptitude.

Part 2 – Spelling (60 questions: 15 minutes)

The spelling test measures skill with a tool essential to written expression or communication. It also reflects education's achievement in basic tools of learning.

Part 3 – Reading Comprehension (50 questions: 35 minutes)

This test measures the ability to understand direct statements, interpret written expression, see the author's intent, observe organization of ideas, and to extract information from written material with respect to ideas and purposes; thus read and comprehend what is read.

Part 4 – Information in the Natural Sciences (90 questions: 30 minutes)

Measurement with this test concerns accumulation of information in the natural sciences, i.e., biology, chemistry, health, safety, etc., at a fundamental level. The relationship of knowledge in the area of natural sciences to the course of study of the allied health educational is an obvious one.

Part 5 – Vocational Adjustment Index (90 questions: 15 minutes) The person's characteristic life style is reflected in his or her distinctive educational and occupational adjustment. Feelings, attitudes, opinions, and other personality characteristics and behavioral traits, which may be quite acceptable in many situations, may not be those desirable for the prospective healthcare professional either as a student or a practitioner.
