

Course Syllabus

COURSE: VNSG 1331 Pharmacology

SEMESTER: Fall 2026

CLASS DAYS: Friday

CLASS TIMES: 0800-1200

Name	Phone Numbers	Email	Office	Office Hours
Mary Backus RN,BSN	806.716.2203 (o)	mbackus@southplainscollege.edu	817	Tues. 9a-11a & 1p-3p Wed. 1pm-4pm Thurs. 1pm-4pm (email to set up an appointment)

*Please note office hours above. If you need to meet with me: The best way to meet with me is to email me for an appointment that will be verified/accepted via email. You can drop by my office anytime if I am available I will try to meet with you.

“South Plains College improves each student’s life.”

GENERAL COURSE INFORMATION

It is the responsibility of each student to be familiar with the content and requirements listed in the course syllabus.

COURSE DESCRIPTION

Fundamentals of medications and their diagnostic, therapeutic, and curative effect. Includes nursing interventions utilizing nursing process and clinical judgement model.

Prerequisite courses: VNSG 1420, 1204, 1400, 1323, 1201, 1160, 1227, 1330, 1409, 1460, 2331

CO-requisite courses (concurrent): VNSG 2410, 1334, 1219, 2461

STUDENT LEARNING OUTCOMES

At the completion of the semester students will:
1. Be able describe the underlying principles of pharmacology and their relationship to client health status
2. Be able to demonstrate satisfactory comprehension of medications and their side effects.
3. Be able identify the nursing process used to solve advanced client care problems across the life span using appropriate medical terminology
4. Demonstrate safe and competent care; describe how each step of the nursing process relates to nursing care; and discuss the implementation of medications in a variety of health care settings.
5. Identify properties, effects, and principles of pharmacotherapeutic agents; and explain nursing interventions associated with the various pharmacotherapeutic agents.

COURSE OBJECTIVES - Outline form (C-1, C-2, C-3, C-4, C-9, C-10, C-11, C-12, C-13, C-14, C-15, C-16, F-1, F-2, F-3,

F-4, F-5, F-6, F-7, F-8, F-9, F-10, F-11, F-12, F-13, F-14, F-15, F-16, F-17

At the completion of this course the student will:
1. Relate current knowledge into advanced nursing studies
2. Use pharmacological knowledge to meet individualized patient needs
3. Employ plans for intelligent safe nursing care of the patient through the lifespan within the Holistic Nursing concept
4. Identify the patient through the lifespan as a unique individual who needs assistance during illness regardless of age or degree of infirmity
5. Display good interpersonal relationships and communication skills between nurse and patient; nurse and co-workers, nurse and family nurse and interdisciplinary team in a timely manner, including technology to support decision making to improve patient care
6. Consider the common needs of the patient and the Vocational Nurse's responsibility for the patient's environment, safety and well-being based on the vocational program of study and evidence-based practice
7. Recognize the importance of observation and communication regarding patient and co-worker interactions and charting. Assemble information using the Nursing Process as a nursing assessment of each patient
8. Demonstrate principles of asepsis, communicable disease prevention and health care/community readiness for disrupting events
9. Demonstrate knowledge of advanced interventions to support the patient and family during life stages, including death and dying and potential care needs of vulnerable patient
10. Demonstrate methods for promoting safety in the work environment, including facility policies and procedures
11. Demonstrate methods for promoting safety in pharmacological interventions, including facility policies and procedures
12. Utilize terminology and rationale for pharmacology
13. Identify appropriate resources needed for pharmacological intervention(s)
14. Identify, assess, and evaluate the patient's response to the prescribed medication(s)
15. Discuss the necessity for the patient/family education regarding the pharmacological intervention(s)
16. Correctly use abbreviations, definitions, prefixes, suffixes, verbs, adjectives, and words in the nursing profession
17. Break down a list of medical words and identify the meaning of each word in the list through structural analysis
18. Must be present in class with no more than 2 absences and pass the course with at least a 76 course average.

EVALUATION METHODS

Computer-based exams, written exams, written assignments, quizzes, skills check-offs, and other projects as assigned. In addition, methods of instruction may include but are not limited to lecture, discussion, required reading, charts/posters, Power Point, lab demonstration/return demos and audio/visual presentation

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly removal from the vocational nursing program.

Cheating - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

Plagiarism - Offering the work of another as one's own, without proper acknowledgment, is plagiarism. Any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines, websites such as: blogs, journals, or articles, other referenced works, from themes, reports, and/or other writings of a fellow student, is guilty of plagiarism. If there is any suspicion of work completed by Artificial Intelligence (A.I.), the student and their work may be questioned, and if proven that A.I. was used will be considered guilty of plagiarism.

VERIFICATION OF WORKPLACE COMPETENCIES

There will be external clinical and simulation learning experiences provided in this course, as well as learning experiences in the lab which provides the setting in which the student applies workplace competencies.

Successful completion of the designated course outcomes will allow the student to continue to advance within the program. Successful completion of VNSG 1331 meets the requirements as stated in the Differentiated Essential Competencies (DECS) of Graduates of Texas Nursing Program as:

1. Member of a Profession
2. Provider of Patient Centered Care
3. Patient Safety Advocate
4. Member of the Health Care Team

BLACKBOARD

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

SCANS and FOUNDATION SKILLS

ATI Capstone Content Review Policy and Schedule

Pre-ATI Capstone

PN ATI Capstone Proctored Comprehensive Assessment A (to be completed prior to start of first ATI Capstone content module)	Complete during the week of: 8/28/2026
Monday prior to start date	8/31/2026
	Enrollment/Orientation Module
Thursday prior to start date	9/3/2026
	Gain access to 1 st content module

ATI Capstone

Content review week	Content Module	Content module opens Thursdays	Assessments will be completed weekly at home by Wednesdays	Post Assignment Due Date Sundays (Pharmacology 2 and Med/Surg 2 assessments)
Week 1	Fundamentals	9/3/2026	9/9/2026	9/13/2026
Week 2	Pharmacology	9/10/2026	9/16/2026	9/20/2026
Week 3	Medical Surgical	9/17/2026	9/23/2026	9/27/2026
Week 4	Pediatrics and Women's Health	9/24/2026	9/30/2026	10/4/2026
Week 5	Mental Health	10/1/2026	10/7/2026	10/11/2026
Week 6	Management	10/8/2026	10/14/2026	10/18/2026
Inactivate from ATI Capstone	10/20/26			

Post ATI Capstone

PN ATI Capstone Proctored Comprehensive Assessment B (to be completed after final ATI Capstone content module)	
Complete during week of: 10/30/26	
Live Review Requested Dates	
PN Comprehensive Predictor (proctored) Hennesey	11/20/26

Points for ATI Capstone

Points for ATI Capstone					
Assignment	Points per week				
Pre-Assessment Quiz	10 Points				
Content assessment	10 Points				
Post-Assessment Assignment 5 points for all questions answered completely 5 points for answers given in own words, not copied and pasted	10 points				
Total Points per week	30	Points x	6	Weeks =	180 points
Pharmacology II Assessment	10 Points				
Medical-Surgical II Assessment	10 points				
Total points for ATI Capstone	200	Points			

ADDITIONAL CLASSROOM ITEMS

CELL PHONES

DECs: Member of a Profession

VIOLATION: Unprofessional Conduct

POLICY: Cell phones are not permitted in clinical. Cell phones must be placed in their assigned cubby during class and prior to entering the skills lab.

1. Each student will have an assigned cubby to place their cell phone in. Prior to class starting, cell phones are required to be turned off and placed in the assigned cubby. This also applies to the computer lab during testing. Students who do not follow this policy and are found to be dishonest demonstrate unprofessional conduct and disciplinary action will be taken, which may include dismissal.

2. "Smart" watches/fit bits are prohibited.

Please note that new National Council of State Boards of Nursing guidelines (which directs the NCLEX) is now requiring that all electronic devices be sealed in a plastic bag during testing and that violations will cause the candidate to fail the exam!

Students should come to class prepared with pens, pencils, and a spiral notebook for taking notes or completed quizzes or assignments in class. Students should be prepared to take notes over lecture material if they choose. You may use your iPad only in the classroom. Follow student conduct guidelines for appropriate use of electronics in the classroom. Due to COVID we may have to meet virtually at some point. Please have a plan prepared as to how to meet via computer for this course. **You will need to have access to the internet and to your iPad/computer, and it will need to have a camera and a microphone.** When we meet virtually it will be Microsoft Teams, Blackboard Collaborate or Zoom.

In the event of a computer outage at school, quizzing or testing will be completed via SPC issued iPads. Students are expected to bring their individual SPC issued iPad and charger every day to class. Failure to do so may result a missed exam.

ATTENDANCE POLICY (*READ CAREFULLY)

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

Roll is taken for each class; it may be taken several times during a class period. A student who is not present when roll is taken is “absent.” A student is not allowed to disrupt the class for tardiness. A student who is late may come into the classroom after a break to hear the lecture, BUT the student will still be marked as “absent.” Learning is fostered in the classroom environment. Missing even one lecture/class activity can negatively impact student performance; therefore, classroom attendance is mandatory, and students are accountable to attend and be on time for class.

Students are expected to do all classwork at the time scheduled, whether the class is “live,” per pre-corded lecture or via Zoom—this means the students should be “in class” during this time, not working, driving, shopping or doing some other activity.

A student who exceeds more than 2 absences in this course will be withdrawn from the program with an “F”.

*If the student has a documented emergency that leads to **exceeding 2 absences**, the student will be responsible for notifying the instructor. The student must present evidence to the program director and instructor regarding the reasons for all absences. They will review and determine if a true emergency existed for each of the absences. Failure to plan (childcare, transportation, traffic, tardiness) is not an eligible emergency.

There are absences available in each course in case one of these needs arises. However, exceeding absences is grounds for dismissal. Should you use an absence, please be aware that if you encounter a true emergency later in the semester and you have already used your absence for a non-emergency, the attendance policy will be upheld, and you may be dismissed from the VNP. The decision of the program director is final.

LIVE classroom: students must be in their seat ready for class at the scheduled time. Classes will be held on scheduled exam days with lectures to immediately follow the exam. Students who leave after the exam are counted as “absent.” Students who are late for the exam will not be allowed to take the exam.

Roll may be taken at any time during the class. Anytime the student is not present, the student is counted as a full absence. Breaks are given during the lecture time. Because we must closely monitor student movement in the building, you may only have a break when one is given. If you leave the classroom for any reason, you may

not return and are counted absent. Students should use break times wisely going to the bathroom, getting refreshment, etc. rather than spending time on cell phones and then wanting to go to the bathroom when class starts.

ZOOM classes/meetings: Zoom meetings are considered formal classes. Therefore, the student must be present in stationary environment—not working, driving, shopping or engaged in some other activity. There should be no TV, cell phones or other distractors during the meeting. **The student’s camera must be on for the entire time of the class/meeting.** The microphone should be muted unless the student is answering a question, presenting information, or otherwise engaged in the course discussion. **If the student does not follow zoom etiquette as outlined in the VN handbook, the student will be removed from the zoom meeting and given an absence. The student MUST BE ON TIME for the zoom meeting; once the course instructor has started the lecture/meeting, the late student WILL NOT be allowed in and will be counted as absent.**

Students must attend all live classroom presentations and all Zoom meetings. A student who exceeds the allowable absences in any one class will be withdrawn from the program except in the case of a Covid exposure (see handbook for policy).

Students who exceed the allowable absence no longer meet the course criteria and must withdraw. Absences are recorded for the whole day if a class is scheduled for the whole day. If a student leaves before the end of the class period, the student is marked “absent” for the day. There are no “half-day” absences. If the student is asked to leave the classroom for any reason (sleeping, talking or other inappropriate behavior), the student is given an absence and the subsequent point deduction. Attendance is most often taken by a sign in sheet. Students who “forget” to sign in are counted as absent.

As a matter of courtesy and professional behavior, a student who is going to be absent should email or call the course instructor and inform the instructor of the pending absence.

4.1-B Tardy: Tardiness is not accepted in the Vocational Nursing Program. Students are either present on time or they are absent.

ASSIGNMENT POLICY

"This course is designed to prepare students for the realities of clinical nursing practice. As such, course materials (including images, videos, and case studies) may depict **graphic content** related to injuries, diseases, medical procedures, and the human condition, including end-of-life scenarios. Students are expected to approach this material with **professionalism, sensitivity, and critical analysis**, as encountering such content is an inherent and essential part of the healthcare profession."

Submitting work: Follow assignment instructions.

All required work must be in on time in order that the student may benefit from the corrections and study for future examinations. Assigned outside work is due on the dates specified by the instructor. No late work is accepted. All work is submitted at the beginning of scheduled class time via ATI or Blackboard according to directions. All assignments, graded or not, must be completed for course exit requirements.

Students should retain a photocopy or computer-accessible file of all assignments turned in. Always have a backup copy. All work is submitted via ATI or in the Blackboard classroom.

Virtual assignments are not accepted by email. You must submit via ATI or via Blackboard depending upon the assignment **and it is your responsibility** to make sure that you do not upload blank documents and that your document **can be opened on a PC, because not all Mac files are able to convert.** If you submit a blank document or a file that cannot be opened, it will not be accepted, unless informing instructor a minimum of **two hours** prior to deadline. If within this timeframe, instructor can clear the previous attempt and allow student to resubmit before the deadline. Again, it is your responsibility to make sure it is compatible and not blank.

Intellectual Exchange Statement

In South Plains College courses, the instructor will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Disabilities Statement

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Lubbock Centers (located at the Lubbock Downtown Center) 806-716-4675, or Plainview Center (Main Office) 806-716-4302.

Non-Discrimination Statement

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

Title IX Pregnancy Accommodations Statement

If you are pregnant, or have given birth within six months, under Title IX you have a right to reasonable accommodations to help continue your education. To activate accommodations you must submit a [Title IX pregnancy](#)

[accommodations request](#), along with specific medical documentation, to the Health and Wellness Center. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact the Health and Wellness Center at 806-716-2529 or email dburleson@southplainscollege.edu for assistance.

CARE (Campus Assessment, Response, and Evaluation) Team

South Plains College is committed to ensuring the safety, health, and well-being of its students and community. To support its campus community SPC has a CARE Team. This is a dedicated group of campus professionals responsible for assessing and responding to students who could benefit from academic, emotional, or psychological support, as well as those presenting risk to the health or safety of the community. If you see someone experiencing challenges, appearing distressed, posing a threat to their safety or someone else's safety, or causing a significant disruption to the SPC community, please submit a [CARE Team referral](#). You may also submit a referral for yourself if you would like additional support. NOTE: In cases where a person's behavior poses an imminent threat to you or another, contact 911.

Campus Concealed Carry Statement

Texas Government Code 411.2031, et al. authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the Campus Carry page at: <http://www.southplainscollege.edu/campuscarry.php>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

COVID-19 (Rev. 3/18/2024)

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or get tested for COVID-19.

- Cough, shortness of breath, difficulty breathing
- Fever or chills
- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at dedens@southplainscollege.edu or 806-716-2376

1. SPC will follow the recommended 3-day isolation period for individuals that test positive.
 - a. **Please note that day 0 is the date of positive test. Day 1 begins the first full day after the date of positive result.**
2. COVID reporting
 - a. Please have students and employees notify DeEtte Edens if they have tested positive to verify dates before returning to class or work.
 - b. The home tests are sufficient but students need to submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor's note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at dedens@southplainscollege.edu.
 - c. A student is clear to return to class without further assessment if they have completed:
 - The 3-day isolation period, symptoms have improved and
 - they are afebrile for 24 hours without the use of fever-reducing medication.
3. Please instruct students and employees to communicate with DeEtte Edens prior to their return date if still symptomatic at the end of the 3-day isolation.
4. Exposed individuals will not be required to quarantine. If exposed, SPC does request individuals closely monitor themselves. If an individual does become symptomatic, please do not attend class or work and be tested.

Artificial Intelligence Statement

· **Purpose of Artificial Intelligence (AI) Applications:**

AI applications such as ChatGPT, OpenAI, Bard, Grammarly, WordTune and others are advanced language models designed to aid and engage in meaningful conversations, as well as, generate and revise content. AI is intended to supplement learning, stimulate critical thinking, and enhance academic discourse. However, its use comes with certain responsibilities.

· **Academic Integrity:**

Using AI to generate academic work, including essays, reports, or assignments, without proper attribution is a violation of SPC academic integrity policies. Plagiarism undermines the learning process and is strictly prohibited. Students must ensure that their work reflects their own ideas, research, synthesis, and analysis and appropriately cites all sources, including AI.

· **Collaboration and Consultation:**

While AI can be a valuable resource, it is essential to strike a balance between seeking assistance and maintaining personal responsibility. Collaboration with peers, consulting instructors, and utilizing other approved learning resources should be prioritized. Overreliance on AI for solutions without actively engaging in the learning process is discouraged and can be grounds for academic integrity violations. Utilizing AI as a tool for brainstorming or research is allowed but the writing should be the student's own work and thoughts.

· **Critical Thinking and Originality:**

AI usage can provide suggestions and information, but it is essential to critically evaluate the responses and exercise independent thought. Relying solely on AI for answers deprives students of the opportunity to develop their analytical and problem-solving skills. In assignments where originality, creativity, and independent thinking are valued, AI would be detrimental to the student learning process. Critical thinking and originality emphasize the importance of independent thinking in all academic endeavors as part of the student's learning experience apart from outside influence and offers the student the opportunity to refine their unique, individual voice through academic discourse with other students and faculty.

· **Ethical Use and Bias Awareness:**

AI is trained on large amounts of data from the internet, which may include biased or inaccurate information. Be mindful of the potential for bias and critically evaluate the responses provided by AI. Therefore, when using AI, just like with using any other database, students must verify that the information is from reliable sources, question any potential biases, and ensure that the information and sources used in the paper are neutral, peer-reviewed sources.

· **Responsible Engagement:**

Students should engage with AI in a respectful and responsible manner and avoid using offensive language, discriminatory remarks, or engaging in any form of harassment or inappropriate behavior. Students should also uphold the standards of respectful communication in addressing both AI and fellow classmates.

· **Compliance with South Plains College Policies:**

Policies regarding the appropriate use of AI in South Plains College courses are set by instructional departments and individual instructors. Appropriate use of AI may range from strict prohibition to assignments they may require the use of AI. Misusing or violating the guidelines outlined in this syllabus warning may result in disciplinary action, including academic penalties. Students are expected to familiarize themselves with the specific course policies regarding the use of AI and adhere to them throughout the semester.

· Remember, AI can be a tool to support your learning in certain courses and assignments, but it cannot replace the critical thinking, creativity, and independent work that are integral to your overall academic growth.

Rev. 3/18/2024 - COVID (Isolation from 5 to 3-days)
Rev. 9/2023

ASSIGNMENT POLICY

Tickets to class/Quizzes/ Thin Thinking/ Poly Pharmacy Group Work etc.. may be assigned throughout the semester and will be communicated via blackboard.

All assignments must be completed by the assigned due date. Late work will receive a zero. Assignments are tied to course learning objectives and are required to be completed before the Final Exam is taken in order to exit the course, even if the assigned grade is a zero. The grade will not be changed upon submission of late work. In class quizzes, exams, and skills that are missed due to an absence may not be made up. Not all quizzes are on the schedule. Pop quizzes may be throughout the course and given at any time. See the instructor for more specific information.

The student is responsible for being informed of class progress and assignments and coming to class prepared to participate in discussion, turning in assignments due, and/or taking the quiz or test scheduled for that day. Reading any assigned material assists the student to listen to the lecture with a higher degree of acuity and to participate in class discussion more effectively. A student cannot expect to understand what is being said in class when s/he has had no previous contact with the ideas or terms related to a given topic.

Virtual or hardcopy homework assignments are not accepted late or by email. You must submit the assignment in the appropriate location (BlackBoard, ATI, etc.) depending upon the assignment and it is your responsibility to make sure that you do not upload blank documents and that your document can be opened on a PC, because not all Mac files are able to convert. If you submit a blank document or a file that cannot be opened, it will not be accepted, unless informing instructor a minimum of two hours prior to deadline. If within this timeframe, instructor can clear the previous attempt and allow student to resubmit before the deadline. Again, it is your responsibility to make sure it is compatible, not blank and submitted correctly.

ATI Capstone is a mandatory portion of this course.

Students will utilize enrollment with ATI Capstone as follows:

All students will be enrolled in the ATI Capstone Content Review and are required to complete all components of the review.

The ATI Capstone Content Review will include:

- PN ATI Capstone Proctored Comprehensive A
- 6 Weeks of content modules with completion of the following:

- Prepare
 - Weekly tips
 - Review of Concepts
 - Pre-assessment quiz
 - Test
 - Weekly content assessment completed **by Wednesday midnight at Home**
 - Improve
 - Focused Review
 - Post-assessment assignment
- Weekly assignments will be due on **Wednesday by 11:59pm.**
 - PN ATI Capstone Proctored Comprehensive B

Note: The ATI Capstone will count for **10%** of overall course grade in VNSG 1331.

ATI NCLEX Services Policies

The following policies are part of ATI's Online Review Programs:

- [NCLEX Services Site Policy \(atitesting.com\)](https://atitesting.com/nclex-services-site-policy)
- [NCLEX Services Civility Policy \(atitesting.com\)](https://atitesting.com/nclex-services-civility-policy)
- Remote proctoring for ATI Capstone Assessments is utilized to support test security including video, audio, and screen monitoring to maintain integrity during the testing session and to ensure uncompromised outcomes.

Points/Late Policy

- Points are earned for completion of assignments by the due date posted in the ATI Capstone Content Review calendar.
- **No points will be awarded for late assignments.**
- ATI Educators will provide feedback on post-assessment assignments within 48 hours of submission excluding weekends and holidays.

Refer to Blackboard for the Capstone Schedule

COMPUTER USAGE

As computer technology in the field of health occupations continues to become more popular, computers will be used in this course. All students must have access to computers, web cam, microphones and printers. Some may be available on the South Plains College campus. Students will be expected to utilize computers to access assignments, classroom resources, Zoom Meetings and possibly exams. All registered students are supplied with a working email account from South Plains College. The use of TikTok is prohibited on SPC devices and WiFi. TikTok may not be used for online assignments.

In the event of a computer outage, quizzing or testing will be completed via SPC issued iPads. Students are expected to bring their individual SPC issued iPad and charger every day to class. Failure to do so may result a missed exam.

You are only allowed to use the SPC issued iPads in the classroom. No personal computers, tablets etc. are to be used.

ALL STUDENTS ARE EXPECTED TO KNOW THEIR SPC STUDENT USERNAME AND PASSWORD. You will not be allowed to leave computer lab on test day after entering for exam to go find your login information and password!!

COMPUTER LAB USAGE

The computer lab in building 8 may be used by students during scheduled open hours or as assigned by an instructor. Printer paper will not be provided for students to print materials but students may seek assistance from faculty or staff to request lab paper from the college if needed. Lack of computer lab paper is not an excuse for not having homework assignments, skills lab sheets, or any other required documents. Students should come prepared for class.

EXAMS

- See Lecture/Exam Schedule.
 - Presentation of material includes class lectures, discussion, handouts, videos, and power point. Exams may be on paper with pencil or via computer by ATI.
 - Exams are administered in a campus computer lab using ATI and the lab must be reserved by the instructor in advance. Students are expected to arrive on time to exams and complete the exams within the time frame allowed as other classes may be booked behind our scheduled time and you will not be permitted to take your exam past the scheduled time unless arrangements are made in advance for extenuating circumstances. Due to the ever changing COVID conditions it is possible that you may take exams on ATI and have it proctored by Exam Monitor. **It is your responsibility to make sure that you have working computers with a web cam and a microphone and reliable internet.**
 - Grades will be recorded on Blackboard for the student to view within 7 days after exam.

- Students will have the opportunity to review each exam taken as scheduled by the instructor. After viewing the exam, if the student has further questions, the student will need to email the instructor for an appointment to review the exam for further explanation. The student must discuss this with the instructor within 48 hours of viewing their grade. Once the 48 hours has passed without the student questioning the grade or question, **the assigned grade is final and may not be challenged at the end of the course. Grades will not be emailed or given out by phone.**
- Medical Terminology: Abbreviations & Definitions may be included in the unit exams.
- Students must earn a “76” or better in this class and meet all criteria as discussed above for progression.

If the student fails the first exam in the course, the student is required to meet with Student Success Coach and/or Nursing Success Coordinator at least 3 days prior to the next exam. A First Exam Alert form will be sent by the instructor to the Student Success Coach (Mrs. Berryhill) and she will contact the student via email to set up an appointment to meet.

Please refer to your SVN handbook for additional comments about grades.

MISSED EXAMS/MAKEUP WORK:

Students are expected to take all examinations for each nursing course. There are NO makeup exams for this course. Since the final exam is comprehensive (meaning that it covers the entire course), the final exam grade will be substituted **FOR THE MISSED EXAM GRADE ONLY**. If any additional exams are missed, a grade of “0” will be recorded. There is no make-up exam for the Final Exam

NO exams will be given prior to the originally scheduled exam. Please do not ask.

Any action interpreted as cheating by facilitating instructor may result in immediate removal from the testing area, a zero recorded for the test grade and possible removal from SPC nursing program.

GRADING POLICY A final course grade of 76 is required to pass this course.

The grade for this course will be determined upon completion of the following components:

Course Grade is determined by:

Unit Exams	40%
HW/Assignments/Quiz/Med Map/ Thin Thinking	20%
Final Exam	30%
ATI Capstone/Other	<u>10%</u>
	100%

Course grades are based on the following scale:

A = 90-100%

B = 80-89.99%

C = 76-79.99%

D = 70-75.99%

F = 69.9% and below

Grades will not be rounded up or down i.e., 79.4 = 79

The final letter grade will be posted to Blackboard and Campus Connect.

Remediation for 2nd and 3rd Semester VN Students

Purpose

Remediation supports student success by helping students identify knowledge or skill gaps, strengthen clinical reasoning, improve academic and clinical performance, prepare for safe, competent, evidence-based nursing practice.

As students progress through the nursing program, they are expected to demonstrate increasing independence, self-awareness, and professional accountability for their learning. Advanced nursing students should be able to evaluate their academic performance, recognize areas requiring additional development, and seek appropriate assistance when needed.

For advanced students, remediation is primarily student-initiated and provides faculty support while promoting independence and accountability.

When to Request Remediation:

Students are encouraged to request remediation after an exam, skill check-off, clinical experience, or other assessment when they:

- Score below 76% on an exam
- Score below 76% or are unsuccessful on a skill check-off
- Have difficulty understanding or applying concepts
- Struggle with exams, clinical judgment, or decision-making
- Notice a decline in academic or clinical performance
- Need help with study, test-taking, or clinical reasoning skills

Students are responsible for contacting faculty via email and requesting remediation within 48 hours of the grades being posted. Once the next exam is taken, the opportunity to review the previous exam with the instructor has passed (*unless prior arrangements were made with the instructor). Student may not come in and review multiple exams prior to the final exam.

Faculty-Directed Remediation

Although remediation is primarily student initiated for advanced nursing students, faculty retain the authority to require remediation when student performance raises concerns related to patient safety, clinical competence, professional judgment, or the student's ability to meet established course or program outcomes.

When remediation is required by faculty, completion becomes a course requirement. If remediation is not completed by the assigned deadline, the student will not be allowed to take the next exam. The missed exam policy will apply.

Student Responsibilities

Advanced nursing students are expected to assume increasing responsibility for monitoring and managing their academic progress. Students are responsible for:

- Regularly evaluating their academic and clinical performance.

- Recognizing areas in which additional assistance is needed.
- Requesting remediation in a timely manner.
- Arriving prepared for scheduled remediation sessions.
- Actively participating in the remediation process.
- Completing agreed-upon remediation activities.
- Applying recommended strategies to future academic and clinical experiences.
- Seeking additional assistance when learning deficits persist.

Failure to request voluntary remediation does not excuse the student from meeting established course, clinical, or program requirements.

Remediation does not change or replace the original grade on an exam, assignment, skill, or clinical evaluation. Students must continue to meet all required course progression and minimum grade standards.

Professional Responsibility

As students advance through the nursing program, greater emphasis is placed on self-directed learning, professional accountability, and recognition of personal limitations. Students are expected to recognize when their knowledge, skills, or clinical reasoning require improvement and to take appropriate action before those deficits affect patient care. These behaviors reflect expectations of professional nursing practice, in which nurses must continually evaluate their knowledge and competence and seek additional education or assistance when needed.

Recognizing a learning need and seeking help is a professional responsibility—not a punishment. Developing this habit prepares students for lifelong learning and safe, competent nursing practice.

ADDITIONAL INFORMATION:

ATTENTION: CELL PHONES ARE NOT ALLOWED DURING CLASS. The following penalties apply to students who choose to sneak in their phones: (1) If a cell phone rings during an exam, that student's exam will end immediately with a "50" recorded for the exam grade, even if the student was answering the last question. There is no makeup for this grade. (2) If a cell phone goes off during lecture, the cell phone will be taken up and left in the Director's office till 4:00 p.m.

The student is allowed to use the cell phone only during breaks and lunch. Cell phones will be left in designated place in classroom. Usually at the front of the classroom.

For Test Security, no hats, caps, backpacks or purses are permitted in the classroom during exams. No drinks or food may be brought into the classroom during an exam.

Bottled drinks with a screw top lid may be brought into the classroom during lecture **only**.

No food is permitted during class unless permission is granted by the instructor.

Excessive talking in class will not be allowed; the student may be asked to leave, with an absence given for the day.

Ear buds will not be allowed in the classroom at any time.

Recording (Voice or Video) is not allowed unless the student receives written permission by the instructor.

COURSE SCHEDULE POSTED ON BLACKBOARD

DROPPING A CLASS

Students should submit a [Student Initiated Drop Form](#) online.

Students will not be required to obtain an instructor signature to drop, however, we do encourage students to communicate with instructors or advisors prior to dropping a course when they are able. **There will be no charge for drops for the fall or spring semesters.**

WITHDRAWING FROM ALL CLASSES

If a student wishes to withdraw from all courses, they should initiate that process with the Advising Office. They can schedule an appointment with an advisor by visiting <http://www.southplainscollege.edu/admission-aid/advising/spcadvisors.php> or by calling 806-716-2366.

SCHEDULE CHANGE (after late registration and before census date)

To make a schedule change after late registration (August 28) and before the census date (September 9), students should submit a [Schedule Change Form](#).

After late registration, adding a class requires instructor approval. If a student is requesting to be added to one of your courses and you approve, please email registrar@southplainscollege.edu with your approval. This can take the place of signature on the Schedule Change Form that we have required in the past.

COMMUNICATION POLICY

Electronic communication between instructor and students in this course will utilize the South Plains College “My SPC” and email systems. Students are encouraged to check SPC email daily. Students will also have access to assignments, web-links, handouts, and other vital material which will be delivered via Blackboard. Any student having difficulty accessing Blackboard or their email should immediately contact their instructor for directions. The instructor will work with any student to ensure the student has access to a computer on campus and can obtain the needed class content that is located on the course website.

Email Policy:

- Students are expected to read and, if needed, respond in a timely manner to college e-mails. It is suggested that students check college e-mail daily to avoid missing time-sensitive or important college messages. Students may forward college e-mails to alternate e-mail addresses; however, SPC will not be held responsible for e-mails forwarded to alternate addresses.
- A student’s failure to receive or read official communications sent to the student’s assigned e-mail address in a timely manner does not absolve the student from knowing and complying with the content of the official communication.
- The official college e-mail address assigned to students can be revoked if it is determined the student is utilizing it inappropriately. College e-mail must not be used to send offensive or disruptive messages nor to display messages that violate state or federal law.
- Instructors make every attempt to respond to student emails during regular college business hours when faculty are on campus. Instructors are not required to answer emails after hours or on weekends.
- Students who use email inappropriately to faculty, students, staff, or others will be placed on probation for the first offense; dismissed from the program for a second offense.

Texting Faculty: Students should *not* text faculty via the faculty cell phone. Written communication should be by email, or the student may call the office phone. The faculty cell phone is for contact during the clinical hours ONLY and should not be used outside the clinical experience. Students who text faculty will be placed on probation for the first offense and dismissed from the program for the second offense.

Mrs Backus will answer all emails in a timely manner. If a student emails the instructor prior to 4:00 pm Monday-Friday, the student can expect to receive a response via email the same day. If an email is sent after 4:00 pm, the student

can expect to receive a response the next business day. Emails will not be checked or answered on the weekend. Any email sent after 4:00 pm on Friday will be answered the following Monday.

STUDENT CONDUCT

Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college. As in any segment of society, a college community must be guided by standards that are stringent enough to prevent disorder, yet moderate enough to provide an atmosphere conducive to intellectual and personal development.

A high standard of conduct is expected of all students. When a student enrolls at South Plains College, it is assumed that the student accepts the obligations of performance and behavior imposed by the college relevant to its lawful missions, processes, and functions. Obedience to the law, respect for properly constituted authority, personal honor, integrity, and common sense guide the actions of each member of the college community both in and out of the classroom.

Students are subject to federal, state, and local laws, as well as South Plains College rules and regulations. A student is not entitled to greater immunities or privileges before the law than those enjoyed by other citizens. Students are subject to such reasonable disciplinary action as the administration of the college may consider appropriate, including suspension and expulsion in appropriate cases for breach of federal, state, or local laws, or college rules and regulations. This principle extends to conduct off-campus which is likely to have adverse effects on the college or on the educational process which identifies the offender as an unfit associate for fellow students.

Any student who fails to perform according to expected standards may be asked to withdraw.

Rules and regulations regarding student conduct appear in the current Student Guide.

EMERGENCY MESSAGES

The student should notify his/her family that in case of an emergency during normal class schedule, they should call the Nursing Office at (806)716-4626 or (806)716-4623. Class will not be interrupted unless it is an emergency, so they must identify themselves and say it is an emergency to get immediate action.

The student should notify his/her family that in the case of an emergency during clinical rotations, they should call and leave a message or text (who they are and who they need to get in touch with for an emergency) to the number or numbers provided to them in the clinical course syllabus and/or on the clinical course schedule.

ACCOMMODATIONS

Intellectual Exchange Statement

In South Plains College courses, the instructor will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be. Disabilities Statement

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Lubbock Centers (located at the Lubbock Downtown Center) 806-716-4675, or Plainview Center (Main Office) 806-716-4302.

Non-Discrimination Statement

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

Title IX Pregnancy Accommodations Statement

If you are pregnant, or have given birth within six months, under Title IX you have a right to reasonable accommodations to help continue your education.

To activate accommodations you must submit a [Title IX pregnancy accommodations request](#), along with specific medical documentation, to the Health and Wellness

Center. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact the Health and Wellness Center at 806-716-2529 or email dburleson@southplainscollege.edu for assistance.

CARE (Campus Assessment, Response, and Evaluation) Team

South Plains College is committed to ensuring the safety, health, and well-being of its students and community. To support its campus community SPC has a CARE Team. This is a dedicated group of campus professionals responsible for assessing and responding to students who could benefit from academic, emotional, or psychological support, as well as those presenting risk to the health or safety of the community. If you see someone experiencing challenges, appearing distressed, posing a threat to their safety or someone else's safety, or causing a significant disruption to the SPC community, please submit a [CARE Team referral](#). You may also submit a referral for yourself if you would like additional support. NOTE: In cases where a person's behavior poses an imminent threat to you or another, contact 911.

Campus Concealed Carry Statement

Texas Government Code 411.2031, et al. authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the Campus Carry page at: <http://www.southplainscollege.edu/campuscarry.php>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

Rev. 6/2023

COURSE EXIT GOALS:

For the student to exit this course, the student must do the all of the following:

***Have no more than 2 absences, Must pass the course with a 76 average , complete ATI Capstone requirements, attend NCLEX review and complete all assignment**

FOUNDATION SKILLS

BASIC SKILLS—Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks

F-1 Reading—locates, understands, and interprets written information in prose and in documents such as manuals, graphs, and schedules.

F-2 Writing—communicates thoughts, ideas, information and messages in writing and creates documents such as letters, directions, manuals, reports, graphs, and flow charts.

F-3 Arithmetic—performs basic computations; uses basic numerical concepts such as whole numbers, etc.

F-4 Mathematics—approaches practical problems by choosing appropriately from a variety of mathematical techniques.

F-5 Listening—receives, attends to, interprets, and responds to verbal messages and other cues.

F-6 Speaking—organizes ideas and communicates orally.

THINKING SKILLS—Thinks Creatively, Makes Decisions, Solves Problems, Visualizes and Knows How to Learn and Reason

F-7 Creative Thinking—generates new ideas.

F-8 Decision-Making—specifies goals and constraints, generates alternatives, considers risks, evaluates and chooses best alternative.

F-9 Problem Solving—recognizes problems, devises and implements plan of action.

F-10 Seeing Things in the Mind's Eye—organizes and processes symbols, pictures, graphs, objects, and other information.

F-11 Knowing How to Learn—uses efficient learning techniques to acquire and apply new knowledge and skills.

F-12 Reasoning—discovers a rule or principle underlying the relationship between two or more objects and applies it when solving a problem

PERSONAL QUALITIES—Displays Responsibility, Self-Esteem, Sociability, Self-Management, Integrity and Honesty

F-13 Responsibility—exerts a high level of effort and perseveres towards goal attainment.

F-14 Self-Esteem—believes in own self-worth and maintains a positive view of self.

F-15 Sociability—demonstrates understanding, friendliness, adaptability, empathy and politeness in group settings.

F-16 Self-Management—assesses self accurately, sets personal goals, monitors progress and exhibits self-control.

F-17 Integrity/Honesty—chooses ethical courses of action.

SCANS COMPETENCIES

C-1 **TIME** - Selects goal - relevant activities, ranks them, allocates time, prepares and follows schedules.

C-2 **MONEY** - Uses or prepares budgets, makes forecasts, keeps records and makes adjustments to meet objectives.

C-3 **MATERIALS AND FACILITIES** - Acquires, stores, allocates, and uses materials or space efficiently.

C-4 **HUMAN RESOURCES** - Assesses skills and distributes work accordingly, evaluates performances and provides feedback.

INFORMATION - Acquires and Uses Information

C-5 Acquires and evaluates information.

C-6 Organizes and maintains information.

C-7 Interprets and communicates information.

C-8 Uses computers to process information.

INTERPERSONAL—Works With Others

C-9 Participates as a member of a team and contributes to group effort.

C-10 Teaches others new skills.

C-11 Serves Clients/Customers—works to satisfy customer's expectations.

C-12 Exercises Leadership—communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.

C-13 Negotiates—works toward agreements involving exchanges of resources; resolves divergent interests.

C-14 Works With Diversity—works well with men and women from diverse backgrounds.

SYSTEMS—Understands Complex Interrelationships

C-15 Understands Systems—knows how social, organizational, and technological systems work and operates effectively with them.

C-16 Monitors and Corrects Performance—distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.

C-17 Improves or Designs Systems—suggests modifications to existing systems and develops new or alternative systems to improve performance.

TECHNOLOGY—Works with a Variety of Technologies

C-18 Selects Technology—chooses procedures, tools, or equipment, including computers and related technologies.

C-19 Applies Technology to Task—understands overall intent and proper procedures for setup and operation of equipment.

C-20 Maintains and Troubleshoots Equipment—prevents, identifies, or solves problems with equipment, including computers and other technologies.

PHARMACOLOGY

Integumentary System Medications

1. Define all key terms
2. Differentiate between two primary routes of medication administration in the integumentary system, and determine when each route would be chosen.
3. Recall at least seven conditions affecting the integumentary system and the medications used to treat them.

Musculoskeletal System Medications

1. Define all key terms
2. Identify the key features of the musculoskeletal system
3. Discuss the importance of healthy endocrine and nervous systems to proper musculoskeletal functioning
4. Recall at least five muscular system disorders and one appropriate treatment for each
5. Discuss at least four bone or joint disorders and one appropriate treatment for each

Nervous System Medications

1. Define all key terms
2. Identify the two major branches of the nervous system
3. Recall the five categories of nervous system medications
4. Identify four categories of medications used to treat pain and fever
5. Recall at least one category of medication used to treat anxiety, insomnia, sedation, and seizures
6. Identify at least one category of medication used to treat behavioral, emotional, or mood disorders.
7. Discuss medications used to treat psychosis, and identify other disorders for which these medications may be prescribed
8. Recall at least one category of drug used to treat dementia and two categories of drugs used to treat Parkinson's disease.
9. Compare and contrast the actions of local and general anesthetics.
10. Discuss how alcohol can influence medication use and its effect on the body.

Eye and Ear Medications

1. Define all key terms
2. List five parts of the eye and the function of each structure
3. Recall three conditions related to the eye that require treatment with medication and an example of an appropriate medication.
4. Classify parts of the ear as belonging to the external ear, middle ear, or inner ear, and discuss the function of each part.
5. Recall three conditions related to the ear that require treatment with medication and an example of an appropriate medication.

Endocrine System Medications

1. Define all key terms
2. Discuss six of the major endocrine glands and their functions
3. Differentiate between hypothyroidism and hyperthyroidism, and identify the effects of each on the body and the medications used to treat each disorder
4. Contrast hyperglycemia and hypoglycemia, and discuss the medications used to treat each one

5. Explain the proper way to handle, store, and administer insulin
6. Differentiate between adrenal gland insufficiency and over secretion, and discuss the medications used to treat each one.

Cardiovascular System Medications

1. Define all key terms
2. Discuss how the cardiovascular system functions
3. Describe 10 categories of cardiovascular medications and their uses and actions.

Immunological System Medications

1. Define all key terms
2. Discuss five categories of anti-inflammatory medications, when they are used, and their actions in the body.
3. Differentiate among the five classifications of anti-infectives, and describe when each is used and their actions in the body.
4. Compare natural and acquired immunity and how they occur
5. Identify at least three types of antineoplastic medications, and describe when each is used and their actions in the body.
6. Discuss the toxic effects of antineoplastic medications on patients and health-care workers, including the proper handling of both medications and patients' secretions.

Pulmonary System Medications

1. Define all key terms
2. Describe how the respiratory system functions to exchange oxygen and carbon dioxide
3. Discuss the actions of mast cell stabilizers, bronchodilators, and anticholinergics, xanthines, and beta-adrenergic agonists used in the treatment of asthma and other respiratory disorders.
4. Describe two medications that may be used to treat a viral respiratory illness
5. Compare and contrast antitussive and expectorant medications and when each is appropriate to use
6. Discuss tuberculosis and how it is treated

Gastrointestinal System Medications

1. Define all key terms
2. Detail how the gastrointestinal system functions
3. Identify medications used to treat constipation
4. Identify medications used to treat diarrhea, and explain how the underlying cause should be treated
5. Identify medications used to treat nausea and vomiting
6. Compare the different types of medications used to treat gastroesophageal reflux disease and gastric ulcers
7. Discuss medications used for gallstones, obesity, hemorrhoids, flatulence, stomatitis, and fungal and parasitic infections of the GI tract
8. Discuss how poisoning and overdoses are treated
9. Identify populations of patients needing nutritional supplements or those needing assistance digesting their food and how each of these are treated

Reproductive and Urinary System Medications

1. Define all key terms
2. List actions of the reproductive hormones
3. Describe how contraceptives work
4. Describe the effects of estrogens, progestins, agents for cervical ripening, oxytocin, tocolytics, ovulation stimulants, androgens, diuretics, and medications for benign prostatic hypertrophy
5. Discuss the relation of diuretics to electrolyte imbalances

Vitamins, Minerals, Herbs, and Complementary and Alternative Medicine

1. Define all key terms
2. Discuss the body's need for vitamins and minerals
3. Compare Eastern philosophy with Western philosophy with regard to medicine
4. Discuss why some patients prefer herbs to prescription medications
5. Discuss why insurance companies do not usually pay for complementary or alternative medicine

VNSG 1331 Pharmacology Syllabus Contract

Print Name: _____

*I have read and understand the **Pharmacology** Syllabus and schedule. I have had the opportunity to ask questions. I also understand to exit this course I must meet All Objectives Listed in the course Syllabus as stated below:*

COURSE EXIT GOALS:

For the student to exit this course, the student must do the **ALL of the following:**

- 1. Have no more than **2** absences**
- 2. Must pass the course with a 76 average.**
- 3. Complete ATI tests, assignments, and NCLEX review**

Signed: _____ Date: _____
