ACCOUNTING ASSOCIATE

SOUTH PLAINS COLLEGE

THE PROGRAM

South Plains College offers students a technical program in accounting that prepares the student for work as a junior accountant. The program is offered at the college's Levelland Campus and at the Lubbock Career and Technical Center. Students who satisfactorily complete this two-year curriculum will receive an associate of applied science degree. An optional plan for a certificate of proficiency is also offered.

Students seeking a four year transfer accounting degree should follow the Associate of Science, Business Administration degree plan. South Plains College's accounting associate program offers you the opportunity to study areas necessary to compete in today's fast-paced business world. The classroom settings at SPC encourage the open exchange of ideas necessary to develop reasoning skills. Additionally, up-to-date computer hardware and software provide you with an opportunity to use microcomputers for business applications and study.

DEGREES & CERTIFICATES

Students completing the two-year accounting associate program receive an associate of applied science degree. This degree will provide you with the specialized skills and the credentials to attain gainful employment in an accounting-related position. The program consists of 60 semester credit hours of accounting and business-related course work.

OUR GRADUATES

Today's workforce requires that the successful employee possess initiative, ability to adapt to change, and a sincere interest in their work. Many opportunities are available for you in accounting. You could be employed by a corporation or small business, a government agency or non-profit organization, or a college or a university. Accounting also provides a good foundation for starting your own practice or company. In addition, you can broaden your career opportunities by becoming a Certified
