

Reese Campus

Course Syllabus

COURSE: RSPT 2267.200 Practicum (or Field Experience)- Respiratory Care Therapy/Therapist
SEMESTER: Spring 2022
CLASS TIMES: Per Clinical Schedule
INSTRUCTOR: Shanna Walkup, BS, RRT
OFFICE: Reese Center, Building 5, Room 503
OFFICE HOURS: Monday & Wednesday: 9:00 AM – 11:00 AM
Tuesday & Thursday: 11:00 – 1:00 PM
Friday: By appointment only
Other times by appointment
OFFICE PHONE: 806-716-4624
E-MAIL: swalkup@southplainscollege.edu
Facebook: <https://www.facebook.com/SouthPlainsCollegeRespiratoryCare>
Instagram: <https://www.instagram.com/spcrespiratory>

"South Plains College improves each student's life."

GENERAL COURSE INFORMATION

It is the responsibility of each student to be familiar with the content and requirements listed in the course syllabus.

COURSE DESCRIPTION

This is an intermediate respiratory care course for practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

STUDENT LEARNING OUTCOMES

Students will:
1. Apply the theory, concepts, and skills involving specialized materials, tools, equipment, and procedures.
2. Demonstrate legal and ethical behavior, safety practices, interpersonal and team work skills, communicating in the applicable language of the occupation and the business or industry.
3. Adhere to regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the particular occupation and the business/industry.

COURSE OBJECTIVES –

1. Exhibit dependability and responsibility by being punctual, attending clinical rotations according to program policies, and completing assigned work. (F-13)
2. Exhibit ability to get along with people in the clinical setting, by demonstrating understanding, friendliness, adaptability, empathy and politeness. (F-15)
3. Respond positively to supervision and guidance by attending to, interpreting and responding to verbal messages and other cues. (F-5)
4. Exhibit respect for others. (C-14)
5. Recognize boundaries and limitations of role and seek assistance when necessary. (F-16)
6. Participate by asking questions. (F-6)
7. Work to satisfy customer's expectations, whether they are patients, physicians, or other healthcare team members. (C-11)
8. React to stressful situations in an appropriate manner.
9. Work confidently, maintaining a positive view of self. (F-14)

10. Choose ethical courses of action in clinical decision-making. (F-17)
11. Monitor his/her progress towards clinical proficiency by assessing self accurately, setting personal goals, and exhibiting self-control. (F-16)
12. Participate as a member of the healthcare team. (C-9)
13. Exhibit an ability to work well with men and women from diverse backgrounds. (C-14)
14. Exhibit courtesy and willingness to share workload. (F-15)
15. Exhibit the ability to interpret information and communicate patient status. (F-1, F-2, F-6, C-7, C-8, C-9, C-15)
16. Organize time well to complete all tasks assigned by prioritizing activities, allocating time and preparing and following a treatment schedule. (C-1)
17. Locate, understand, interpret and evaluate written information found in the patient's medical record, equipment manuals, policy/procedure manuals, and departmental schedules. (F-1)
18. Organize information found in symbol, picture and graph format. (F-10, C-5, C-6)
19. Organize and maintain information, communicating information in written form via entries into the patient's medical record. (F-1, F-2, F-6, C-6, C-7, C-8, C-9, C-15)
20. Perform basic computations, including calculating drug dosages, static and dynamic compliance, lung volumes, and other pulmonary measurements. (F-3)
21. Acquire and evaluate information through patient history and physical assessment. (F-1, F-5, F-6, F-9, F-12, C-5, C-7)
22. Evaluate the appropriateness of patient therapy by specifying therapeutic goals, generating alternatives, considering risks, and choosing the best treatment alternatives. (F-8)
23. Recognize problems with patient care and devise and implement a plan of action. (F-9)
24. Use reasoning to discover a principle underlying the relationship between diverse data and apply it to problem-solving. (F-12)
25. Use computers to process patient information and maintain clinical records. (C-8)
26. Understand how the hospital organizational system works and function effectively within it. (C-15)
27. Monitor performance in his/her assigned hospital area, assessing trends, and predicting and solving problems. (C-16)
28. Suggest modifications to the respiratory care departmental system to improve therapist performance. (C-17)
29. Choose procedures and equipment, as needed, to perform patient care. (C-18)
30. Understand the overall purpose and proper procedures for set-up and operation of various respiratory equipment. (C-19)
31. Prevent, identify or solve problems with respiratory equipment. (C-20)
32. Allocate and use materials efficiently. (C-3)
33. Work towards agreements with other healthcare team members involving the use of resources, and resolve divergent interests. (C-13)
34. Perform patient assessments recording normal and abnormal findings. (F-2, F-5, F-6, F-9, F-10, F-12, F-15, C-5, C-6, C-7, C-14)
35. Establish good patient rapport and develop the ability to communicate procedures effectively to gain cooperation. (F-5, F-6, F-15, C-14)
36. Exercise leadership by communicating ideas to justify his/her position and persuading and convincing others. (C-12)
37. Demonstrate a consistent habit of reviewing the patient's chart for information gathering prior to participating in or performing procedures. (F-1, F-13, C-1, C-5, C-6, C-8)
38. Perform 12-lead Electrocardiograms with minimal supervision, and recognize dysrhythmias. (F-9, F-10, C-5, C-7, C-18, C-19, C-20)
40. Perform correctly the following procedures as ordered by a physician (F-2, F-3, F-8, F-9, F-12, F-15, F-16, C-1, C-3, C-5, C-7, C-9, C-11, C-14, C-18, C-19, C-20).

EVALUATION METHODS

Written exams, written assignments, and other projects as assigned.

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

Plagiarism - Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

VARIFICATION OF WORKPLACE COMPETENCIES

Health Occupations Division

BLACKBOARD

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

FACEBOOK/INSTAGRAM

The Respiratory Care Program has a Facebook page at <https://www.facebook.com/SouthPlainsCollegeRespiratoryCare>, and Instagram page at <https://www.instagram.com/spcrespiratory>. In addition to the South Plains College website, these pages will be used to keep students up-to-date on program activities, weather delays, South Plains College announcements and will help with program recruitment. "Liking" the Respiratory Care Program Facebook page is not mandatory, nor is personal Facebook accounts, in order to access this page.

SCANS and FOUNDATION SKILLS

Refer also to Course Objectives. Scans and Foundation Skills attached

SPECIFIC COURSE INFORMATION

TEXT AND MATERIALS

Students are required to obtain the following:

1. Data Arc Student License

It is recommended students obtain the following:

1. Oakes, Dana. Pocket Guide to Respiratory Care. (2013). Orono, Maine: Health Educator Publications, Inc.
2. Oakes, Dana. Pocket Guide to Ventilator Management. (2016) Orono, Maine: Health Educator Publication
3. Persing, Gary. Respiratory Care Exam Review. 5th Ed. (2019). ISBN: 978-0323553681

SUPPLIES

1. Appropriate clinical attire
2. Name badge with photo
3. Stethoscope

EVALUATION METHODS

1. Clinical performance
2. Affective behavior
3. Clinical Assignments
4. Oral Case Study
5. Final examination

DATA ARC

DataArc will be used for attendance, daily logs, physician interaction, competencies, clinical instructor/preceptor evaluations, clinical site evaluations, daily evaluations, and affective behavior evaluations. It is the student's responsibility to ensure DataArc entries are completed as required. Notify the DCE for any discrepancies noted in DataArc. The student should always have copies of the mandatory competencies, daily evaluation forms, and daily logs with them at clinic in case clinical instructor/preceptor does not have access to DataArc. Clinical paperwork/DataArc entries are due the **Tuesday after completing the rotation**. If I am not in my office, the paperwork must be slid under my office door.

DAILY LOG

Daily log is used to document procedures performed, procedures observed, significant learning experiences, and physician interaction. Students must complete the applicable daily logs in Data Arc every clinical day and must be validated by the clinical instructor/preceptor. **If the student has difficulty with a preceptor completing the necessary requirements, please contact me for assistance.** If the preceptor does not have access to Data Arc, he/she can print and sign their name at the bottom of the completed daily log form printed from Data Arc. Students will still enter the daily log into Data Arc and turn in the signed daily log form to DCE for verification of procedures performed and physician interaction obtained. **A daily log is not required for the Advanced Neuro and sleep, Alpha Sleep, Cardiopulmonary, or PFT rotations. For the rotation with Dr Kanu, only complete the physician interaction.**

CLINICAL PERFORMANCE

1. **Competencies: All mandatory competencies must be completed by end of semester** (see list of mandatory competencies required under course objectives). A student may not attempt a competency check-off until he/she has been checked off in lab first. All competencies MUST be documented in DataArc by the clinical instructor/preceptor evaluating the student. It is the student's responsibility to keep track of the mandatory competencies and completed competencies. Each student should make every effort to complete each mandatory competency. If the student is unable to attempt a mandatory competency, he/she must notify the DCE before the end of the semester. If the student does not notify the DCE prior to the end of the semester regarding the mandatory competency, he/she will receive a zero (0) for that competency. If a student has a preceptor/clinical instructor enter or sign off a competency that the student did not perform, this will be considered academic dishonesty and treated as such in the disciplinary process. The student is not considered proficient in a competency until a satisfactory rating has been achieved. The grades received on competencies will be averaged together and represent 7.5% of your clinical performance grade. The student will be evaluated as:

-Satisfactory (100%)- ready for clinical application with minimal supervision. Performed procedure accurately, or was able to correct performance without injury to the patient or decreasing effect of therapy being given.

-Unsatisfactory performance - not ready for clinical application. Requires remediation under one of the following categories:

- **Minor – Unsatisfactory (75%):** Needs to review fundamental concepts or requires re-evaluation of minor deficiency(s) (ex. forgets to wash hands during the **Follow-up** stage). Must be re-evaluated on this step not the whole procedure. Student may attempt these missed steps on the same clinical day.
- **Major – Unsatisfactory (50%):** Requires additional supervised clinical practice and complete re-evaluation of the procedure. If the student receives a major unsatisfactory rating, he/she may attempt the competency on another clinical day when he/she has reviewed the procedure and feels prepared.
- Each competency attempt will be scored (as indicated above). Ex: If a student scores a 75% on the first attempt and then a 100% on second attempt, the score entered into the grade book is 87.5 for that particular competency.
- If a student is unable to successfully complete a competency after 2 attempts, remediation will be

Mandatory competencies for RSPT 2267

Pediatric Competencies

1. Nasal cannula
2. Small volume nebulizer
3. Chest physiotherapy
4. Pediatric chest assessment
5. Pediatric vital signs
6. Pediatric pulse oximetry
7. Routine ventilator check

Neonatal Critical Care Competencies

1. Vital signs
2. Nasal CPAP set up
3. Routine ventilator check

Pediatric/Neonatal Critical Care Competencies

1. Ventilator parameter change
2. Ventilator set-up
3. In-line suctioning
4. Manual ventilation via endotracheal tube required.

Other competencies if achieved with opportunity.

1. Aerosol T-piece adult
2. Pediatric and/or neonatal extubation
3. Pediatric and/or neonatal setup and ventilation via mask
4. Pediatric/Neonatal securing artificial airway

2. **Daily Evaluations:** Clinical evaluations are designed to advance or confirm the student's development of clinical skills, knowledge and behaviors. Students will be evaluated by the clinical instructor/preceptor at the end of **each** clinical day (unless indicated otherwise) using the daily evaluation form in DataArc. If the student has difficulty with a preceptor completing the necessary requirements, please contact me for assistance. If a preceptor does not have access to Data Arc, he/she can complete the evaluation (paper copy of Data Arc daily evaluation form) on the student and print and sign their name. **Students will receive a zero for any missing daily evaluations.** This category will represent 7.5% of your clinical performance average. The grades are determined by:

Average of 4.7-5.0 in all categories= 100%
 Average of 4.3-4.6 in all categories= 90%
 Average of 3.9-4.2 in all categories= 85%
 Average of 3.5-3.8 in all categories= 75%
 Average of < 3.4 in all categories= 50%

If a student receives a score of less than a 3.5 on any portion of a daily evaluation, he/she must schedule a conference with the DCE to discuss areas of weakness.

A daily evaluation is NOT required for Texas Tech Pediatrics, Covenant OR, Advanced Neuro and Sleep Diagnostics, Alpha Sleep Lab, Cardiopulmonary, and PFT rotations.

3. **Clinical site evaluations/Preceptor Evaluations:** At the end of each rotation, the student must evaluate the clinical instructor/preceptor that he/she spent the most time with using the clinical instructor/preceptor evaluation form in DataArc. If the preceptor is not listed in DataArc, the student will select the generic name (ex. University Center) and enter the name of the preceptor at the bottom of the evaluation form. **A clinical instructor/preceptor evaluation is not required for Texas Tech Pediatrics, OR Rotations, Advanced Neuro and Sleep Diagnostics, Alpha Sleep Lab and Cardiopulmonary, and PFT rotations.**

The student will be required to complete one clinical site evaluation for each of the following clinical sites:

1. **Covenant Medical Center**
2. **University Medical Center**
3. **Covenant Children's Hospital**
4. **Texas Tech Pediatrics- Dr. Kanu**
5. **Pulmonary Associates (PFT)**

The student must evaluate the above clinical sites using the clinical site evaluation form in DataArc. These evaluations should be completed in DataArc no later than **5/2/22**. If the student submits all clinical site evaluations and preceptor evaluations required by the due date, the student will receive a 100. Students will receive a zero for any missing preceptor and/or clinical site evaluations. This category represents 7.5% of your clinical performance average.

4. **Physician Interaction:** Students should obtain 40 physician interaction points during this semester. Physician interaction is entered on your daily log in Data Arc. The grade guidelines are listed below. This category represents 7.5% of your clinical performance average.

- 40 or more points=100%
- 30-39 =88%
- 20-29 =75%
- <20 = 50%

AFFECTIVE BEHAVIOR EVALUATIONS

Each student will be evaluated by the DCE once during the semester using the DataArc Affective behavior evaluation form. The student will also be evaluated once from program faculty/clinical instructors. Conferences may be scheduled with the DCE to review the student's progress and standing. The student will receive 2 grades for affective behavior evaluations. The grades are determined by:

- Average of 4.7-5.0 in all categories= 100%
- Average of 4.3-4.6 in all categories= 90%
- Average of 3.9-4.2 in all categories= 85%
- Average of 3.5-3.8 in all categories= 75%
- Average of < 3.4 in all categories= 50%

If the student receives a score of less than a 3 on any portion of a daily evaluation, he/she must schedule a conference with the DCE.

CLINICAL ASSIGNMENTS

1. A total of five (5) patient assessments will be due this semester. Two will be completed during PICU rotation and One Adult ICU rotation. Two will be completed for NICU rotations (one for UMC and one for CCH). **The student may not complete more than one patient assessment per week per rotation.** Each patient assessment form is due the **Tuesday** following completion of that particular rotation. Forms will be posted on Blackboard. **There will be a 10-point deduction for late assignments.**

CASE STUDY

A case study is to be completed on a patient in the NICU or PICU. A PowerPoint presentation of the case study will be presented to peers and instructors. It should be between 15-20 minutes. No make-up will be allowed. If student is absent on the day of presentation, he/she may email me their presentation on the day it is due. Points will be taken off for missing the oral presentation. If I do not receive the presentation on the due date, the student will receive a zero. Case study presentations will be the week of April 25th, 2022.

Each student may have up to 12 hours, outside of scheduled clinicals, to gather patient information. Student must comply with approved SPC clinical dress code. A detailed handout of the case study requirements will be posted on Blackboard.

FINAL EXAMINATION

The student's didactic knowledge of clinical competencies and procedures will be measured through a comprehensive final exam.

ATTENDANCE POLICY

Class Attendance

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

CLINICAL ATTENDANCE POLICY

Data Arc is used for tracking attendance. Each student is responsible for clocking themselves in/out. Students may clock in/out of Data Arc using their cell phone once at the assigned clinical facility. No other student is to sign another student in/out. Falsifying Data Arc information will be considered academic dishonesty and treated as such in the disciplinary process. Students are allowed 2 missed clock in/out occurrences for the semester. Students must notify the DCE via email as soon as possible if he/she failed to clock in/out. After 2 occurrences, **2 points will be deducted per occurrence from the student's final grade for RSPT 2267.**

Students may miss a total of twenty four (24) hours of clinic without affecting their final grade. The student must document the sick day in DataArc. **Any other absence(s) (ex. Sick day, leaving clinic early) over the allotted twenty-four (24) hours will result in a 5-point deduction per occurrence from the student's final grade for RSPT 2267.** If a student will be absent for a clinic, he/she must contact the shift supervisor at their assigned clinical facility at least 30 minutes prior to their scheduled clinical report time. Please refer to the Phone List handout for appropriate contact numbers for each clinical facility. He/she must also send an email/message to DCE (email listed on 1st page of syllabus) at least 25 minutes prior to their scheduled clinical report time. **Failure to contact the DCE and shift supervisor as indicated above will result in a no call/no show. There will be a 5-point deduction for each no call/no show occurrence from the student's final grade for RSPT 2267. Clinical absences cannot be made up.**

It is important for students to arrive at clinical facilities on time. Students are allowed two tardies for the semester. A student will be considered tardy if they arrive 10 minutes after the assigned clinical report time. If a student is going to be tardy for clinic, he/she must call the shift supervisor at their assigned clinical facility AND email the DCE at least 30 minutes prior to their scheduled clinical report time. Failure to contact the DCE and shift supervisor as indicated above will result in a no call/no show. **There will be a 5 point deduction for each no call/no show occurrence from the student's final grade for RSPT 2267.** If the student arrives more than 30 minutes past the scheduled clinical report time at their assigned clinical facility and notifies DCE and shift supervisor as instructed, the student will be sent home and an absence will be recorded for RSPT 2267.

If a student must leave the clinical facility during clinical hours, he/she must contact DCE first. When permission is granted, the DCE will then notify the shift supervisor at the clinical facility. A student may not leave clinic more than 15 minutes early without consent of the DCE. If a student leaves their assigned clinical facility greater than 15 minutes early without consent of the DCE, **5 points will be deducted from their final grade for RSPT 2267 and may result in disciplinary action.**

Cases of excessive absences and/or tardies will be handled on an individual basis and will require a counseling session. Following this session, a departmental counseling form will be placed in the student's file. The purpose of this form is to document that the student has been made aware that excessive absences are jeopardizing successful completion of the clinical course.

GRADING POLICY

Grades in this course will be determined using the following criteria:

Clinical Performance	25%
Clinical Assignments	25%
Case Study	15%
Affective Behavior Evaluations	10%
Final Examination	25%

A = 90 – 100

B = 80 – 89

C = 75 – 79

D = 65-74

F = < 65

Successful completion of this course requires:

1. A final grade of 'C' (75%) or better.

CONFERENCES

If at any time a student is not satisfied with their overall performance, he/she is encouraged to schedule an appointment with the DCE. If necessary, a plan can be developed to help the student improve in their areas of weakness.

REMEDIATION

Please refer to the 2021-2022 Respiratory Care Program student handbook for the remediation policy for exams and clinical competencies.

COMMUNICATION POLICY

Electronic communication between instructor and students in this course will utilize the South Plains College "My SPC", REMIND and email systems. Instructor will not initiate communication using private email accounts. Students should regularly check blackboard, remind and email systems for specific clinical assignments/announcements.

If necessary, students may contact me on my personal cell phone between the hours 8:00 am-8:00 pm M-F. On the weekends/holidays, please do not contact me before 10:00 am and after 6:00 pm. If you need to reach me after the hours listed, please send a message or an email to my SPC email/REMIND. If you will be absent from class, please do not contact me on my personal cell phone.

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

CAMPUS CARRY

Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to the SPC policy at: (http://www.southplainscollege.edu/human_resources/policy_procedure/hhc.php) Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

PREGNANCY ACCOMMODATIONS STATEMENT

Title IX Pregnancy Accommodations Statement

If you are pregnant, or have given birth been within six months, under Title IX you have a right to reasonable accommodations to help continue your education. Students who wish to request accommodations must contact the Health and Wellness Center at 806-716-2529 to initiate the process.

STUDENT CONDUCT

Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college. As in any segment of society, a college community must be guided by standards that are stringent enough to prevent disorder, yet moderate enough to provide an atmosphere conducive to intellectual and personal development.

A high standard of conduct is expected of all students. When a student enrolls at South Plains College, it is assumed that the student accepts the obligations of performance and behavior imposed by the college relevant to its lawful missions, processes and functions. Obedience to the law, respect for properly constituted authority, personal honor, integrity and common sense guide the actions of each member of the college community both in and out of the classroom.

Students are subject to federal, state and local laws, as well as South Plains College rules and regulations. A student is not entitled to greater immunities or privileges before the law than those enjoyed by other citizens. Students are subject to such reasonable disciplinary action as the administration of the college may consider appropriate, including suspension and expulsion in appropriate cases for breach of federal, state or local laws, or college rules and regulations. This principle extends to conduct off-campus which is likely to have adverse effects on the college or on the educational process which identifies the offender as an unfit associate for fellow students.

Any student who fails to perform according to expected standards may be asked to withdraw.

Rules and regulations regarding student conduct appear in the current Student Guide.

<http://catalog.southplainscollege.edu/content.php?catoid=49&navoid=1321>

COVID-19

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or get tested for COVID-19.

- Cough, shortness of breath, difficulty breathing
 - Fever or chills
 - Muscles or body aches
 - Vomiting or diarrhea
 - New loss of taste and smell
-
- ***Consistent with the latest CDC recommendations, we have revised our guidance for students, faculty, and staff who have a known exposure or have tested positive. Anyone with a known exposure should wear a mask for 10 days and should seek a COVID-19 test on day five after exposure. If you test positive or develop symptoms, you should immediately self-isolate and seek a COVID-19 test. Please immediately notify your instructor, supervisor, and DeEtte Edens, Associate Director of Health and Wellness, any time you test positive for COVID-19. Anyone who tests positive is required to self-isolate for five days. Following the five-day isolation period, if you are asymptomatic or your symptoms are resolving, you may return to work or class but should wear a mask for five additional days. If you are still symptomatic, please contact DeEtte Edens at dedens@southplainscollege.edu or 806-716-2376 prior to your return date.***

EMERGENCY

The student should notify his/her family that in case of an emergency during normal class schedule, they should call the Nursing Office at (806)716-2391 or (806)716-2193. Class will not be interrupted unless it is an emergency, so they must identify themselves and say it is an emergency to get immediate action.

The student should notify his/her family that in the case of an emergency during clinical rotations, they should call and leave a message or text (who they are and who they need to get in touch with for an emergency) to the number or numbers provided to them in the clinical course syllabus and/or on the clinical course schedule.

Dropping a class

Students should submit a [Student Initiated Drop Form](#) online.

Students will not be required to obtain an instructor signature to drop, however, we do encourage students to communicate with instructors or advisors prior to dropping a course when they are able. **There will be no charge for drops for the fall or spring semesters.**

Withdrawing from all classes

If a student wishes to withdraw from all courses, they should initiate that process with the Advising Office. They can schedule an appointment with an advisor by visiting <http://www.southplainscollege.edu/admission-aid/advising/spcadvisors.php> or by calling 806-716-2366.

Schedule Change (after late registration and before census date)

To make a schedule change after late registration (January 22nd) and before the census date (February 3rd), students should submit a [Schedule Change Form](#).

After late registration, adding a class requires instructor approval. If a student is requesting to be added to one of your courses and you approve, please email registrar@southplainscollege.edu with your approval. This can take the place of signature on the Schedule Change Form that we have required in the past.

For additional information regarding schedule changes, drops and withdrawals, [click here](#).

SPECIAL REQUIREMENTS

Cell phones distract from the learning environment. For this reason, they should be turned off and put away out of view upon entering the classroom. If you must carry a pager or phone to class for emergency purposes, please see me in advance. If you bring a laptop to class, it should not be used for purposes other than taking notes in class.

COURSE DISCLAIMER

In order to better prepare students for a career in Respiratory Care profession, there will be times during this course where students will be exposed to training scenarios and situations that will be unpleasant to the average college student. If the student does not feel they can tolerate this type of learning environment, they should discuss this with me immediately before continuing the course.

CHANGES and AMENDMENTS TO SYLLABUS

The program director or clinical coordinator reserves the right to make reasonable changes to the syllabus at any time during the semester. If this occurs, the students will be notified and furnished a copy of all applicable changes or amendments.

COURSE OUTLINE

ACCOMMODATIONS

DIVERSITY STATEMENT

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

DISABILITIES STATEMENT

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Reese Center (Building 8) 806-716-4675, or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

NON-DISCRIMINATION STATEMENT

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

FOUNDATION SKILLS

BASIC SKILLS—Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks

- F-16 Self-Management—assesses self accurately, sets personal goals, monitors progress and exhibits self-control.
- F-17 Integrity/Honesty—chooses ethical courses of action.

SCANS COMPETENCIES

- C-1 **TIME** - Selects goal - relevant activities, ranks them, allocates time, prepares and follows schedules.
- C-2 **MONEY** - Uses or prepares budgets, makes forecasts, keeps records and makes adjustments to meet objectives.
- C-3 **MATERIALS AND FACILITIES** - Acquires, stores, allocates, and uses materials or space efficiently.
- C-4 **HUMAN RESOURCES** - Assesses skills and distributes work accordingly, evaluates performances and provides feedback.

INFORMATION - Acquires and Uses Information

- C-5 Acquires and evaluates information.
- C-6 Organizes and maintains information.
- C-7 Interprets and communicates information.
- C-8 Uses computers to process information.

INTERPERSONAL—Works With Others

- C-9 Participates as member of a team and contributes to group effort.
- C-10 Teaches others new skills.
- C-11 Serves Clients/Customers—works to satisfy customer’s expectations.
- C-12 Exercises Leadership—communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.
- C-13 Negotiates—works toward agreements involving exchanges of resources; resolves divergent interests.
- C-14 Works With Diversity—works well with men and women from diverse backgrounds.

SYSTEMS—Understands Complex Interrelationships

- C-15 Understands Systems—knows how social, organizational, and technological systems work and operates effectively with them.
- C-16 Monitors and Corrects Performance—distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.
- C-17 Improves or Designs Systems—suggests modifications to existing systems and develops new or alternative systems to improve performance.

TECHNOLOGY—Works with a Variety of Technologies

C-18 Selects Technology—chooses procedures, tools, or equipment, including computers and related technologies.

C-19 Applies Technology to Task—understands overall intent and proper procedures for setup and operation of equipment.

C-20 Maintains and Troubleshoots Equipment—prevents, identifies, or solves problems with equipment, including computers and other technologies

RESPIRATORY CARE
Course Agreement
RSPT 2267.200

I have received a copy of the course syllabus for RSPT 2267-200. I have reviewed the syllabus thoroughly, and understand the course format, course competencies, attendance policy, and examination system. I further understand my responsibilities and rights, as explained by the instructor and listed in the syllabus, and agree to all course requirements as stated in the course syllabus.
