STUDENT LEARNING OUTCOMES

The student will:

1. Define radiologic technology
2. Understand the history of the discovery of x-rays
3. Define basic radiological terms
4. Identify the roles and responsibilities of a radiologic technologist
5. Understand different imaging modalities
6. Identify ethical and legal standards
7. Explain basic radiation physics and radiation protection practices
8. Relating the role of radiography to healthcare

EVALUATION METHODS

The course grade will be determined by a combination of assignments, research, tests, and a comprehensive final exam.

BLACKBOARD

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

The student should only access his or her own Blackboard account. Granting permission to another or accessing another student’s Blackboard account is prohibited and against the Academic Integrity code.

If you have questions or need help with Blackboard:

ACADEMIC INTEGRITY

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded

by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

CHEATING

DISHONESTY of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

PLAGIARISM

Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

LOGGING INTO THE COURSE

Under no circumstances are you allowed to give your User ID and/or password to anyone. If someone, besides you, is logging into this course, I will drop you immediately with an 'F', regardless of the reason. If you are taking this course along with a roommate, spouse, or significant other, you need to let me know immediately. Failure to do so could result in your being dropped from this course with an 'F'.

ALL STUDENTS ARE EXPECTED TO KNOW THEIR SPC STUDENT USERNAME AND PASSWORD.

COMPUTER LAB USAGE

The computer lab(s) on any campus may be used by students during scheduled open hours or as assigned by an instructor. Printer paper will not be provided for students to print materials, but students may seek assistance from faculty or staff to request lab paper from the college if needed. Lack of computer lab paper is not an excuse for not having homework assignments, skills lab sheets, or any other required documents. Students should come prepared for class.

SCANS and FOUNDATION SKILLS

Refer also to Course Objectives. SCANS and Foundation Skills attached.

SPECIFIC COURSE INFORMATION

TEXT AND MATERIALS

The text and materials used for this course are provided and embedded within the course units. Each unit may contain readings, assignments, internet research, tables, illustrations, and/or videos that will enhance the student learning outcomes.

ATTENDANCE POLICY

Even though this is an online class, students will need to access the course on a regular basis. The Blackboard software used to manage this online course tracks student logins, tracking when and where the student has been in the course. Accessing this course on a regular basis is extremely important in order to meet the objectives of this course. You will feel more at ease with the materials if you stay in touch with what is going on. If you fail to log into the course on a regular basis, I will drop you from the course. I will alert you to this problem as necessary.

The minimum requirements of logging onto the course to be successful are at least **THREE (3) days per week.**

The student is responsible for initiating their own withdrawal, if that becomes necessary. If a student is administratively withdrawn from the class, the grade appearing on the transcript will be an 'F'. Administrative withdrawal may occur if the student consistently fails to meet assignment and/or exam deadlines, or if the student fails to

log into the course at least **THREE** times a week. I also reserve the right to determine lack of engagement based on your progress throughout the course.

IF YOU FAIL TO COMPLETE YOUR WORK, I WILL DROP YOU WITH AN “F”.
