Additional purchase instructions are provided separately in the Blackboard “*Getting Started: Week 1*” unit. CNOW is a subscription through Cengage online, and the course key is automatically added by Blackboard.

All assignment due dates are posted in Cengage and the published “*Class Schedule*” in Blackboard. If you do not have internet access, you need to find time to go somewhere where it is available (i.e., SPC campus or Public Library). The Cengage homework manager will show up-to-date grades and transfer them directly over to Blackboard too. You have **72 hours** after each deadline to dispute grades by emailing your instructor directly. After this time, grades will not be disputed.

The online Cengage platform has plenty of materials to help you gain an understanding of the assigned content, including videos, power points, and more. Please note these are *not* intended to replace your instructor. Students should contact the instructor when they need help understanding content.

## SPC Blackboard Ultra Portal

The Blackboard Ultra software used to manage this class monitors student logins, tracking when and where the student has been in the course. Accessing this course regularly is extremely important to meet the objectives. Ideally, students should daily check the “*Announcements*” tab in Blackboard for the most up-to-date information. Students should also frequently reference their SPC student e-mail inbox and Blackboard “*Messages*” for direct communication with the instructor.

**This course is not 100% self-paced—there will be deadlines assigned at the beginning of the term.**

Deadlines are firm unless otherwise coordinated with your instructor. You will feel more at ease with the materials if you stay in touch with what is going on. This course is 3 semester credit hours in a condensed, summer timeframe. Students should plan to work on about **one (1)** full chapter per day to successfully complete the material. It is very easy to put off participation and deadlines during a summer course, but don't wait until the last minute.

## Online Assignments

Homework is assigned to facilitate your understanding of the material. Homework is done online outside of class time and links can be found in the class Blackboard page under “*Content.*” Assignments are separated as: *Unit # > Chapter #*. Due dates and material availability will also be listed. We will be using CengageNOW (or CNOW) to complete almost all homework, quizzes, and exams. Students should plan to spend **2-4 hours on each chapter**, to complete both the homework and quiz directly in Cengage.

## Electronic Assignments

**Computer and/or Wi-Fi failure is not an excuse for missing assignments.** Notify the instructor immediately when issues come up, but students are still responsible for meeting all deadlines.

This class will involve the use of the Internet and possibly the need to access discussion groups, forums, bulletin boards, email programs, and/or chat rooms to complete the objectives of the course. Topics assigned by the instructor will be relevant to the objectives of this class.

### DISCLAIMER:

## Class Schedule

The class schedule is posted in Blackboard under the “*Getting Started: Week 1*” unit. This is the ‘official’ calendar for the course, and updates will be made directly on Blackboard. Scheduled assignments may shift over the course of the term to support student needs, so you should check the calendar often for updates. Students are required to complete all assignments as given by the instructor.

**Assignments are due by 11:55 p.m. on the date listed on the “*Class Schedule.*”**

*Note: Late assignments will not be accepted unless previously coordinated with the instructor.*

## Exam Policy

Exams will be conducted online and outside of class time using the CengageNOW software and will have a defined time limit. Deadlines for completing the exams are posted on the Blackboard “*Class Schedule*.”

No makeup exams will be allowed unless the student contacts the instructor for special permission due to an unavoidable situation. Traveling, work schedules, etc. do *not* qualify and students should plan accordingly to meet the exam deadline. Exam schedules are made available at the beginning of the term, so students need to create time within the specified testing window. If you have special needs for taking tests, please contact your instructor or special services during the 1st week of classes. (See the *Disability Statement* located later in this syllabus.)

## Course Grading Policy

Permission to make up missed work will only be available if an unavoidable reason for class absence arises (i.e., documented illness, official trip authorized by SPC, or official activity) and is coordinated with your instructor **prior** to the published deadline. It is the student's responsibility to complete work missed within a reasonable period as determined by the instructor.

The most up-to-date course point total will be available in Blackboard Ultra, not through the Cengage portal. There are several exercises completed outside of Cengage, so students should reference Blackboard for their most accurate point standing in the course. Questions about posted scores should be directed to the instructor immediately, and not just at the end of the semester. Grades will be allocated based on the following point system and scale:

Category/Description	Points Possible
Participation (3 absences permitted per term)	100
Getting Started “WEEK 1” Activities	25
Chapter Homeworks (14 chapters * 15 points each)	210
Chapter Quizzes (14 chapters * 10 points each)	140
Exam 1 / Exam 2 / Exam 3 (125 points each)	375
Final: Comprehensive Exam ( <i>mandatory</i> )	200
<b>Total Possible Points:</b>	<b>1,050</b>

COURSE GRADE	POINTS EARNED
A	895 - 1,050
B	795 - 894
C	695 - 794
D	595 - 694
F	0 - 594

# Participation & Withdrawal

Successful completion of Principles of Accounting (Financial) is affected by your contribution to the course. If a student chooses not to complete the assignments and actively work on learning the material, minimum course objectives cannot be met and the student should withdraw from the course. **It is the student's responsibility to drop the course. The instructor is not responsible for dropping students.**

Participation will be graded based on in-class efforts, and students are allowed 3 absences per term. Attendance is required for the full class period unless prior arrangements are approved by the instructor. Excessive absences directly impact the available "Participation" points for the class grade. Students are responsible for bringing appropriate materials to effectively take notes and complete handouts during class (i.e. paper, writing instrument, etc.).

**The instructor is not responsible for removing you from the course if you cannot maintain the course schedule.** See below for drop date & information. Otherwise, students will be assigned their earned letter grade at the end of the term. Course points/progress will be updated frequently so students can evaluate if they need to drop the course. Students who enroll in a course but have never attended the class by the official census date (4th class day) will be administratively dropped.

Last Day to Withdraw/Drop with a grade of "W"
