Course Description: Problem-solving, applying structured techniques, and representation of algorithms using design tools. Includes testing, evaluation, and documentation.

Prerequisite: None

Credit: 3 **Lecture:** 3 **Lab:** 1

Textbook: Bundle ISBN: 978-1-133-90405-2 Just Enough Programming Logic and Design, Farrell, Course Technology Visual Logic (Access Code), Course Technology

Supplies:

- Microsoft Office 365 Education or Office 2019 with Access
- Reliable Internet Connection
- A computer with Windows OS is recommended
- SPC Lab computers or the VMWare Horizon Client are available
- Google Chrome or Mozilla Firefox

Student Learning Outcomes:

This course introduces students to structured computer programming concepts, enforcing good style and logical thinking while incorporating a programming language.

Domain 1: Computer Programming Logic and Structure

- 1.1 Identify and manage elements of the computer programming development process.
- 1.2 Identify standards of programming design and structure.
- 1.3 Identify the necessary documentation relevant to programming design.

Domain 2: Computer Programming Models

- 2.1 Use programming design principles to make comparative decisions.
- 2.2 Use programming design principles to repeat a process.
- 2.3 Use programming design principles to organize a contiguous series of variables.

Domain 3: Computer Programming Procedures

- 3.1 Use modularity in the computer programming development process.
- 3.2 Create methods for functional cohesion in programming design and structure.
- 3.3 Identify principles of programming in an applied focus on data and/or methods.

Student Learning Outcomes Assessment:

A required comprehensive project will assess the functionality of a program for decision-making using loops and arrays.

Course Evaluation:

Assignments, exams, participation, discussion, and projects will be used to evaluate students.

Category	Percentage
Participation	10%
Discussions	10%
Assignments	30%
Exams	30%
Final Project	20%

Attendance Policy:

Class attendance, including online sessions, is essential to achieving the course objectives. Students are expected to attend all classes to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive, as defined by the Admissions Office. If a student is administratively withdrawn from the class by the professor, the grade appearing on the transcript will be an 'X.'

Withdrawal Policy:

The last day to withdraw/drop with a grade of "W" is April 27th. It is the student's responsibility to withdraw from this course. Otherwise, students will be assigned their earned letter grade at the end of the course. Course

averages will be updated weekly, and guidance will be provided throughout the term to help students determine whether to drop the class. For more information regarding drops/withdrawals, please visit:

<https://www.southplainscollege.edu/admission-aid/apply/schedulechanges.php>.

COVID-19: For information and resources about COVID-19, please visit:

<https://www.southplainscollege.edu/emergency/covid19-faq.php>.

Plagiarism and Cheating:

Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail-order term paper mill.
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation.
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them.
4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion.
2. Discovering the content of an examination before it is given.
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment.
4. Entering an office or building to obtain an unfair advantage.
5. Taking an examination for another.
6. Altering grade records.
7. Copying another's work during an examination or on a homework assignment.
8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's work.
9. Taking pictures of a test, test answers, or someone else's paper.

Drop Policy:

You may be dropped with an X or F for any of the following reasons:

1. Attendance: You do not follow the guidelines of the attendance policy listed above.
2. Participation, completion of homework, exams, and team project. You have missed several homework assignments.
3. You have missed two or more exams.

4. You have not participated with your assigned team.
5. Academic Integrity: Cheating, plagiarism, or sharing your work with others as listed above.

Student-Owned Computer Equipment:

Students may choose to use their own computer equipment to complete the assigned coursework. SPC provides Microsoft Office to students for installation and use on their personal computers. It is the student's sole responsibility to ensure that their computer system meets the minimum requirements for all required or recommended software. It is also the student's sole responsibility to ensure that their computer system is in working order, free of malware, and sufficient to complete the assigned coursework. Computer or system malfunction or failure is not an excuse for late coursework. The instructor is not liable for the student's computer maintenance and cannot troubleshoot or repair issues on student-owned computers. If a student needs computer assistance, they can contact the SPC student help desk.

IMPORTANT INFORMATION BELOW

Communication: All communication for this class will be conducted through Blackboard using the Message tool. All students are required to check their Blackboard messages regularly for course updates and announcements. All replies will be sent using the Message tool in Blackboard. Please include your name, course name, and section number in communication.

Additional Supplies: Students are required to bring their own headphones or audio devices to class each day for the audio component of computer lessons and programs. Students are required to obtain a flash drive to store and transport assignment files.

Additional Textbook Information: The book bundle, which includes an ebook and access to course content, is available on the course through Blackboard.

Assignments:

Assignments will be available through Blackboard. The course calendar, which outlines due dates and availability times, is available on Blackboard. There may also be homework assignments and projects assigned periodically throughout the semester. No late work is accepted! You will need to complete all homework assignments by the indicated due dates. Missing homework assignments may result in an administrative drop.

Please begin your homework early. Please do not wait until the night before it is due to report problems. If you report issues on the night of an assignment, the instructor is not obligated to reopen those for you. Start your homework early in the week and complete it with time to spare!

Exams:

There will be two exams administered at the end of Units 1 and 2. Exams will be given in Blackboard. The exam will be open for several days, and no make-up exams will be provided.

Gradebook:

The gradebook will be updated automatically each time you complete an assignment or exam. The gradebook and your current average will be available in Blackboard.

Counseling:

If at any point in the semester you find yourself having trouble with stress or feel depressed, please stop in and see a counselor. Counseling services are available at all campuses. The counseling office number is 806-716-2366. Below is a link to SPC's personal counseling services:
