I. GENERAL COURSE INFORMATION

- A. **DESCRIPTION:** This course provides skill development in business math problem-solving using electronic technology.
- B. **COURSE LEARNING OUTCOMES:** Students will be able to solve mathematical problems found in business environments pertaining to payroll, percent of increase and decrease, markup and markdown, cash and trade discounts, and simple interest.
- C. **COURSE COMPETENCIES:** A minimum grade of D is required to pass Business Math Using Technology in order to fulfill degree requirements for the course.
- D. **ACADEMIC INTEGRITY:** It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

Cheating: Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in an office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of course work. This applies to quizzes of whatever length as well as to final examinations, to daily reports and to term papers.

Dishonesty in any form in this class will result in immediate dismissal from this class and an “F” as the final grade.
