

Common Course Syllabus for General Psychology, PSYC 2301, Spring 2021

SPC requires that the information below is included in all syllabi. This information details the characteristics and policies for ALL PSYC2301 classes, regardless of the instructor. For the specific details of Dr. Barr's class, see the portion of the syllabus titled "Welcome to General Psychology (PSYC 2301) FLEX with Dr. Barr"

Course Number: PSYC 2301	Department: Behavioral Sciences	Campuses: Levelland, RC, LC, PV, INET
Discipline: Psychology	Title: General Psychology	Satisfies Core Curriculum Requirement? Yes
Credit: 3 Lecture: 3 Lab: 0	Formats: Conventional, INET, ITV	Prerequisites: TSI compliance in reading

Textbook: OpenStax *Psychology* **OR** Noba Textbook Series: *Psychology*, as chosen by individual instructors.

Course Description: General Psychology is a survey of the essential subject areas, and major theories and approaches to the scientific study of behavior and mental processes.

Course Evaluation: See specific instructor's part of the syllabus for methods used to assess student performance. However, all General Psychology courses will have multiple exams and a written assignment.

Core Objectives addressed:

- **Communication skills-** includes effective written, oral and visual communication.
- **Critical thinking skills-** includes creative thinking, innovation, inquiry and analysis, evaluation and synthesis of information.
- **Empirical and Quantitative skills-** to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
- **Social Responsibility-** to include demonstrated intercultural knowledge and competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national and global communities.

Student Learning Outcomes/Competencies: Upon successful completion of this course, students will:

1. Identify various research methods and their characteristics used in the scientific study of psychology.
2. Describe the historical influences and early schools of thought that shaped the field of psychology.
3. Describe some of the prominent perspectives and approaches used in the study of psychology.
4. Use terminology unique to the study of psychology.
5. Describe accepted approaches and standards in psychological assessment and evaluation.
6. Identify physiological and psychological processes involved in human behavior. CIP # 42.0101.51 25

Student Learning Outcomes Assessment: Dr. Alicia Barr is the faculty member who is responsible for the assessment of student learning outcomes. Faculty teaching PSYC2301 should contact Dr. Barr with questions regarding assessment.

Attendance Policy: Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus. When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting. Students who enroll in a course but have

"Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment. *Additional attendance information might be included in the specific instructor's part of the syllabus.*

Academic Integrity: Students are expected to do their own work on all projects, quizzes, assignments, examinations and papers. Failure to comply with this policy (e.g., plagiarism, cheating) will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following: 1) turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill; 2) copying and pasting together information from books, articles, other papers, or online sites without providing proper documentation or references; 3) using direct quotations (three or more words) from a source without showing them to be direct quotations or citing them; or 4) missing in-text citations.

Cheating violations include, but are not limited to, the following: 1) obtaining an exam by stealing or collusion; 2) discovering the content of an exam before it is given; 3) using an unauthorized source of information (notes, textbook, text messages, internet, apps, etc.) during an exam, quiz, or homework assignment; 4) entering an office or building to obtain an unfair advantage; 5) taking an exam for another student; 6) altering grade records; 7) copying another's work during an exam, quiz or homework assignment; 8) rewriting another student's work in Peer Editing so that the writing is no longer the original student's; or 9) taking pictures of a test, test answers, or someone else's paper.

Student Conduct: Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' rude, disruptive, intimidating, aggressive or demeaning behavior. Student conduct that disrupts the learning process or is deemed disrespectful or threatening will not be tolerated and may lead to disciplinary action and/or removal from class.

Diversity Statement: In this class, the instructor will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Nondiscrimination Policy: South Plains College does not discriminate on the basis of race, color, national origin, sex, sexual orientation, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding these policies: Vice President for Student Affairs, 806-716-2360, South Plains College, 1401 College Ave, Box 5, Levelland, TX 79336.

Disability Statement: Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in class should notify the Disability Services Office early in the semester so appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services

Office at Levelland Student Health & Wellness Center 806-716-2577; Reese Center (Building 8) and Lubbock Center, 806-716-4675; or Plainview Center Main Office, 806-716-4302 or 806-296-9611.

Title IX Pregnancy Accommodations Statement: If you are pregnant, or have given birth within six months, Under Title IX you have a right to reasonable accommodations to help continue your education. To activate accommodations you must submit a Title IX pregnancy accommodations request, along with specific medical documentation, to the Director of Health and Wellness. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact the Director of Health and Wellness at 806-716-2362 or email cgilster@southplainscollege.edu for assistance.

Campus Carry Policy: Texas Senate Bill 11 (Govt. Code 411.2031) authorizes carrying a *concealed* handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the state of Texas are also permitted to do so. Pursuant to Penal Code 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the campus carry page: <http://www.southplainscollege.edu/campuscarry.php> . Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the SPC Police Department at 806-716-2396 or 9-1-1.

Welcome to General Psychology (PSYC 2301) FLEX with Dr. Barr

Spring 2021, section 201 (Tue/Th 9:30-10:45, RC 410), section 202 (Tue/Th 11-12:15, RC 410), and section 271 (Mon/Wed 9:30-10:45, LBC 127)

INSTRUCTOR AVAILABILITY—I'm here to help!

I am available to meet with you in a variety of ways. Please see below for important details.

Face-to-Face Office Hours

Due to the ongoing COVID pandemic, and the likelihood that neither you nor I will be vaccinated until the middle or end of the semester, I am only meeting with students via virtual office hours, phone or email (see below). If you prefer to meet with me face-to-face (or mask-to-mask), talk to me after class, or call my office phone on Tuesdays or Thursdays between 1 and 3 pm, or leave a message if you call at a different time, or send me an email and we will discuss ways that we can meet safely.

Virtual Office Hours

I have set up virtual office hours using Blackboard Collaborate (see the table above). When you log into our Blackboard class you will find a link to join virtual office hours in the “Syllabus and Office Hours” folder. If you have never used virtual office hours, be adventurous and learn a new skill this semester! I will post a video tutorial early in the semester to help you out.

Phone

You may reach me on Tuesdays and Thursdays between 1 and 3 pm at (806)716-4641. If you call outside of these hours, or if you call and I am having virtual office hours with another student, then you will reach my voicemail. Please leave a message that includes your full name, your phone number, and a brief reason for your call. I will do my best to return your call in a timely manner.

Email

You may send me an email message at abarr@southplainscollege.edu. Please be aware of the “turn around” time for emails: If you send me an email between Monday morning and noon on Friday, I will reply within 24 hours. However, if you send an email during the weekend, the soonest I will be able to reply is the following Monday. **IMPORTANT:** As a college student who is working toward a profession/career, it is imperative (for your success) that you learn to send professional emails. Please follow the “Email Etiquette” guidelines in the next section titled “Tips for Using SPC Student Email.”

TIPS FOR USING SPC STUDENT EMAIL

South Plains College provides all students with a free SPC Google email account. You should check your SPC email regularly. Email communication may touch on confidential academic matters, like your performance on a quiz or your overall grade, therefore you **must** email me using your official SPC Student email account (NOT a personal email account, e.g., yahoo, etc.).

How to access SPC Email

You can access your SPC email (as well as Microsoft Word, Excel, PowerPoint and One Drive) by going to <https://office.com> and using the username and password provided in your acceptance letter to sign in. You may also access your email by logging in to MySPC and finding the email link in the lower right-hand corner. If you encounter any problems, contact the **help desk** immediately at (806)716-2600 or at helpdesk@southplainscollege.edu.

Email Etiquette

For your success as a student, and your success as a professional, you need to learn email etiquette. All emails should include:

- A brief subject line that explains your reason for emailing (e.g., "Subject: Question about the syllabus"),
- Your full name, class and section (e.g., Maya Smith, PSYC2301, sec. 201 (or 202, or 271), and
- The use of standard English skills (e.g., correct spelling, punctuation and grammar).

Here is a link to a useful guide about emailing your professors: <https://www.insidehighered.com/views/2015/04/16/advice-students-so-they-dont-sound-silly-emails-essay>

TECHNOLOGY REQUIREMENTS FOR SUCCESS IN A FLEX CLASS

Blackboard

Most course content will be found on Blackboard, and most coursework will be completed on Blackboard. Therefore, you need a computer with internet access in order to log onto Blackboard (see section below re: computers and internet). You can access Blackboard at <https://southplainscollege.blackboard.com>. This address will take you to the login page, where you type in your username and password. Once logged in, you will see a list of classes in which you are enrolled (including PSYC2301). Click on the class whose Blackboard page you want to enter.

Access to a working computer with a reliable internet connection

Because this is a flex class, much of your coursework will be found and completed online (in Blackboard). Thus, you must have regular access to a computer with the following characteristics:

- A modern operating system (Windows 7 or later is recommended; most class content should be compatible with Mac OS and older versions of Windows, down to XP; Linux operating system is *not* recommended)
- A modern web browser. It is recommended that students use Mozilla Firefox or Google Chrome to access Blackboard. Students have reported more problems using Internet Explorer, thus Internet Explorer is **not** recommended.
 - You can download Mozilla Firefox [here](#).
 - You can download Google Chrome [here](#).
- A stable, reliable internet connection. High-speed internet (e.g., Cable, DSL, fiber) is the most reliable.
- It is not required, but it is recommended that you use a computer with a hardwired internet access (e.g., instead of WiFi) especially when you complete quizzes and the final exam. When using WiFi, there is a greater risk of interrupted service, and if this happens, your quiz may automatically submit before you answer all the questions.
- The Blackboard app for smartphones can be used to access readings, videos, and grades on Blackboard, however is it **not** recommended for taking quizzes or exams.

REQUIRED COURSE MATERIALS:

The textbook we will use is *Noba Textbook Series: Psychology*, R. Biswas-Diener & E. Diener (Eds), Champaign, IL: DEF Publishers. DOI: nobaproject.com. You may access a free, online version of this textbook at: <http://noba.to/tfke7qy2>, or you may access the free PDF version of the textbook on Blackboard. Additionally, you can download a PDF of the entire textbook, or PDFs of individual chapters to your own computer and then print chapters if you wish.

HOW THIS COURSE IS STRUCTURED

This is a 14-week course, ending with final exam week during the 15th week. On the Blackboard page for this class, you will find a "WEEKLY ASSIGNMENTS" folder. This folder contains *subfolders* for each week of class, and one for final exam week.

Each weekly subfolder contains one or more assigned readings to complete, one or more video lectures and/or podcasts to watch/listen to prior to our in-class meetings, and a quiz over the material for that week. When we meet one day of the week, we will complete discussions and activities over the video and textbook material you have watched and read. *The in-class portion of the class is designed so that I can address confusion and misunderstandings of the material before students take their weekly quiz.* There will also be a written assignment(s) that students will complete via Blackboard. I will announce more details about the assignment(s) later in the semester and post instructions on Blackboard. The week 15 subfolder will contain the comprehensive Final Exam over the material covered in the previous 14 weeks.

REQUIRED COURSEWORK AND GRADES

The three ways your learning will be assessed are 1) weekly online quizzes, 2) a written assignment, and 3) a final exam.

Syllabus Quiz and Weekly Quizzes

- One syllabus quiz (for “week 0”), plus 13 weekly quizzes (for weeks 1-13); each worth 25 point
- 20 multiple choice questions based on the readings and videos for that week
- You get two attempts; the highest will count toward your final grade. Note: starting with week 1, the 20 questions on the quiz are *randomly drawn* from a set of 30+ questions, so the questions for attempts #1 and #2 will *not* be identical.
- 25-minute time limit, per attempt
- **Due each Sunday by 11:59 pm**
- Your two lowest quiz grades will be dropped
- Because I drop your two lowest quiz grades *and* you get two attempts, quizzes cannot be made up if missed and late submissions will not be accepted.

Written Assignment

Students will complete a written assignment, describing how various concepts from class can be applied to their life, or how to use concepts from class to analyze a situation. More details about this assignment will be provided later in the semester.

Final Exam

- Worth 100 points
- *Approximately* 50-60 multiple choice questions covering all 14 weeks of material
- One attempt
- 75 to 90-minute time limit, depending on the number of questions included on the final exam
- **Due Thursday May 13th by 5:00 pm.** IMPORTANT! This due date is different from the typical due date of your quizzes! The due of the final exam is on a THURSDAY (not Sunday), and it is DUE BY 5:00 pm (not 11:59 pm)!
- The Final Exam will be *available* Mon. May 10 at 12:01 am until Thur. May 13th at 5:00 pm. Late submissions will not be accepted

Grade Inquiries

If you have a question about a grade in the gradebook, or about a question on a quiz (e.g., you see a zero in the gradebook, but believe you completed the assignment, or you think your answer to a quiz question was correct), you must contact me within one week of the assignment due date. If you wait more than one week, then the grade in the gradebook is final.

POLICIES RE: LATE WORK OR MISSING WORK

It is your responsibility to make sure you complete your quizzes, written assignment and final exam before the due date. I have provided you with all due dates in this syllabus, as well as on Blackboard. Accordingly, you are aware when your quizzes, assignments and exam are due, and it is up to you to complete them on time. The only computer issues that will be accepted as warranting a make-up are issues that were experienced by *everyone* in the class. Please see the table below for details.

Situation/issue leading to missed work	How it will be resolved
The entire class is unable to access Blackboard at the time a quiz or the written assignment is due.	As soon as I am alerted regarding the outage, I will extend the due date for the entire class and send the class a notification regarding the extended due date.

A student is sick on the day the <i>written assignment</i> is due, or was in the hospital for more than three days during the week of the <i>written assignment</i> .	Contact me as soon as possible, and provide documentation of a doctor's visit on the due date of the assignment, or documentation of the hospital stay of three days or more during the week in which the assignment was due. You must make up the assignment within one week of the last day indicated on the medical documentation (e.g., if you saw the doctor, or were released from the hospital on the 1 st , you have to complete the makeup no later than the 8 th)
A student lost a loved one within one week before the <i>written assignment</i> was due.	Contact me as soon as possible and provide documentation in the form of an obituary or funeral program.
A student was caring for a terminally ill loved one during the week the <i>written assignment</i> was due.	Contact me as soon as possible and provide documentation in the form of a doctor's note from the doctor who was caring for the loved one.
A student is sick, or in the hospital, or lost a loved one, or was caring for a terminally ill loved one during the week a <u>quiz</u> is due.	Because <i>I drop everyone's two lowest quiz grades</i> , no makeup is given. I have made this drop policy so that IF a student is in this position, they do not have to worry about getting a zero—it will simply be dropped.
A student is unable to access Blackboard at the time the quiz or written assignment was due, but other students could access Blackboard at that time.	No makeup is given. It is your responsibility to make sure you have reliable internet access for the duration of this course. <i>Please see the "Troubleshooting" section for tips on avoiding this problem before it happens.</i>
Blackboard, and/or the textbook for the course, is unavailable at some point during the week, but not at the time the quiz or written assignment is due.	No makeup is given. All students are able to download a free PDF copy of the textbook, or single chapters. Thus, students are able to complete readings even if Blackboard or the textbook website is down.
A student was traveling and did not have access to the internet when the quiz or written assignment was due.	No makeup is given. It is your responsibility to make sure you have reliable internet access for the duration of this course. If you must travel during the semester, you need to either get your work completed ahead of time (before you leave), or make sure that you will have access to the internet at your travel destination.
A student forgot to submit a quiz or written assignment by the due date.	No makeup is given. I have provided students with all the due dates in this syllabus and on Blackboard, and it is your responsibility to make sure you get your work done by those dates.

FINAL GRADE CALCULATION

Evaluation Method	Total possible points
12 highest quizzes at 25 points each	300 points
Written Assignment	25-50 points (<i>approximately, points to be determined</i>)
Final Exam	100 points
	<i>Total possible points in class=425</i>

Tentative Grading Scale for Final Course Grade (the point total will change based on the material we are able to cover which will affect the grading scale):	90% or more of total possible points (381 points or more): A
	80-89% of total possible points (338-380 points): B
	70-79% of total possible points (296-337 points): C
	60-69% of total possible points (253-295 points): D
	59% or less of total possible points (252 points or less): F

Important Academic Dates and Holidays:

Monday, January 18th—Martin Luther King Holiday*

Tuesday, January 19th—First day of classes

Wed., February 3rd—12th Class Day (students who have not accessed Blackboard or attended class by 2/3 will be dropped)

Monday March 15th through Friday March 19th—Spring Break Holiday*

Friday April 2nd—Easter Break*

Thursday, April 29th—Last day to drop

May 10th through 13th—Final Exam Week (no regularly held classes, final exams only)

*Classes do not meet, campus buildings are closed, and faculty and staff are not available on the Holidays noted above

TECHNOLOGY PROBLEMS AND RESOURCES/HELP:

There are several technology problems that are likely to arise for students this semester. Please remember, a computer issue that affects an individual student, but not the entire class, will not merit an extension on the written assignment, quizzes, or the final exam. Thus, it is best to plan ahead and assume that you might experience one or two (or all) of these problems. If you take the time NOW to review the “Technology Contingency Plan” table below and figure out how you will address these issues if/when they arise, you will not be flustered—instead, you will be ready to execute your backup plan.

TECHNOLOGY CONTINGENCY PLANS	
Problem(s)	Solution
“Argh! My internet is down!” &/or	Free WiFi is available at many area businesses (Starbuck’s, McDonald’s, Chick-fil-A, United Supermarkets), and in the buildings and <i>parking lots</i> of many schools including SPC campuses (also look for “Park and Learn” signs near the LISD schools). Click here for WiFi Resources at SPC (at the bottom of the “WiFi Resources at SPC” page you will also find phone carrier assistance plans).
“OMG! My computer is not working!” &/or	Make a list of friends, family members, classmates & / or even neighbors who might let you borrow their computer, or their WiFi, or their printer in the event yours is not working
“Darn! I need to print [that thing], but my printer is out of ink.” &/or	If you are an SPC student, and within driving distance, we have computer labs with computers, printers and internet access at every campus: <ul style="list-style-type: none"> SPC Reese Campus computer labs: Building 8 (room 827 and the library), Building 2 (room 207), and Building 4 (adjacent to room 451) SPC Levelland Campus computer lab: Technology building SPC Lubbock Center, 39th & Avenue Q: Room 109 and Room 138 SPC Plainview Center, 1920 W. 24th St., Plainview, Texas
“Ugh! I’m out of town, and I don’t have a computer [or access to the internet]”	Public libraries (wherever you live) typically have computers available to the public If your computer breaks down, contact a local computer repair business (e.g., Best Buy, Office Depot, etc.). Or, if possible, buy an inexpensive computer from sites like edealinfo.com, Amazon marketplace, Newegg or eBay. If you are traveling, find out if the hotel has a computer lab for guests, or if the person you are staying with has a computer with internet access. If not, work ahead and get your quiz and discussion completed before you leave.

Blackboard and Email Technical Support

For technical problems using **Blackboard**, contact the SPC Tech Support staff at 806-716-2180, Mon-Fri, 8 am – 4 pm; or email blackboard@southplainscollege.edu or go to <https://help.blackboard.com>. You can also call Blackboard Support at (800)424-9299. For problems with **SPC email**, contact the SPC help desk at (806)716-2600 or at helpdesk@southplainscollege.edu.

The table on the next page contains possible troubleshooting solutions to help you solve common technology issues:

TECH TROUBLESHOOTING

Problem	Possible Solution
I cannot access Blackboard, but I can access other websites	Blackboard might be down. Check your SPC email and MySPC for announcements about Blackboard outages. If you cannot access these sources of information, or if there are no such announcements, contact Blackboard support (see below).
I cannot access any websites.	Your internet may be down. If you know how, try resetting your modem and/or router. If your internet is still not working, contact your internet provider, or implement one of your contingency plans (see previous section).
I cannot access the textbook website, but I can access other websites.	Use the PDF of the textbook, posted on Blackboard, to complete assigned readings for the week.

OTHER IMPORTANT POLICIES AND INFORMATION:

Academic Integrity

Students are expected to do their own work on all quizzes, assignments, and exams. Failure to comply with this policy (e.g., plagiarism, cheating) will result in an F for the assignment and can result in an F for the course if circumstances warrant.

**In the spirit of upholding academic integrity, I want to express my gratitude to my colleague, Dr. Will Crescioni for sharing his syllabi with me. My syllabus draws heavily from Dr. Crescioni's beautifully formatted and worded syllabus, especially the sections on technology and missed work.

COVID and Face Masks

It is the policy of South Plains College for the Spring 2021 semester that as a condition of enrollment, all students are required to engage in safe behaviors to avoid the spread of COVID-19 in the SPC community. Such behaviors specifically include the requirement that all students properly wear CDC-compliant face coverings while in SPC buildings including in classrooms, labs, hallways, and restrooms. Failure to comply with this policy may result in dismissal from the current class session. If the student refuses to leave the classroom or lab after being dismissed, the student may be referred to the Dean of Students on the Levelland campus or the Dean/Director of external centers for Student Code of Conduct Violation.

If a student has symptoms of COVID, tests positive for COVID, or is exposed to someone who tested positive for COVID, the student must contact DeEtte Edens, BSN, RN in Health Services at dedens@southplainscollege.edu, or 806-716-2376.

Attendance and Drop Policy

Because my Flex students are attending during a pandemic, *no one is required to physically be in class*, thus I will use the same attendance criteria for both online and flex classes. For online and flex students, I will take attendance based on your completion of quizzes by their due dates, completion of the written assignment by the due date, and logging into the Blackboard page for this class. A student may be administratively dropped from this course if 1) the student has not logged on to Blackboard (& thus not completed any work) for 14+ consecutive days, or 2) the student has not logged onto Blackboard by the 12th day of classes (February 3rd).

Americans with Disabilities Act Statement

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in class should notify the Disability Services Office early in the semester so appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland Student Health & Wellness Center 806-716-2577; Reese Center (Building 8) and Lubbock Center, 806-716-4675; or Plainview Center Main Office, 806-716-4302 or 806-296-9611.

Diversity Statement

In this class, the instructor will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

COURSE OUTLINE/CALENDAR:

WEEK	READINGS	ASSIGNMENTS	DUe DATES
<u>Week 0</u> <u>Tue 1/19-Sun 1/24</u>	WELCOME! Read & understand the Syllabus; Become familiar & comfortable with Blackboard	Syllabus Quiz	Sun 1/31 by 11:59 pm
<u>Week 1</u> <u>Mon 1/25-Sun 1/31</u>	History of Psychology http://noba.to/j8xkgcz5 Psychological Perspectives (outside reading)	Quiz #1	Sun 1/31 by 11:59 pm
