Student Self-Care & Mental Health

According to everydayhealth.com in an article called *What is Self-Care and Why Is it Important for your Health?* by Moira Lawler, "Self-care is anything you do to take care of yourself so you can stay physically, mentally, and emotionally well. Its benefits are better physical, mental, and emotional health and well-being. Research suggests self-care promotes positive health outcomes, such as fostering resilience, living longer, and becoming better equipped to manage stress.

Common examples of self-care include: maintaining a regular sleeping routine, eating healthy, spending time in nature, doing a hobby you enjoy, and expressing gratitude. Self-care can look different for everyone, but to count as self-care, the behavior should promote health and happiness for you." Ha! I am just remembering how hard it was to do most of these things in college, and that was before I was a parent and caretaker.

I care about your mental and physical health. I realize that a majority of students have many responsibilities, and we each have different loads we carry. I want you all to succeed. We all have problems. If there is anything I can do to help you, please let me know! Really. I am not a qualified therapist, but I am happy to help you know about campus and community resources.

SPC does have mental health information and services. This is a link to where you can find the resources online.

Student Learning Outcomes

Upon successful completion of this course, students will:

1. Demonstrate communication competence and critical thinking through an understanding of the foundational communication models.
2. Demonstrate essential public speaking skills in professional presentations.
3. Demonstrate written and oral competencies as it relates to employment (including job searches, interviews, interpersonal interaction, conflict management, leadership and performance appraisals.)
4. Apply essential dyadic and small group processes as they relate to the workplace.
5. Utilize various technologies as they relate to competent communication.
6. Demonstrate effective cross-cultural communication.

Course Requirements for Students

1. Read the information assigned; you will be tested on this material, in addition to class lecture/discussion materials on scheduled exams.
2. Take thorough notes and study all lecture material, informational handouts, and assigned readings.
3. Actively participate in class discussions and group activities.
4. Show maturity and professionalism in the preparation of assignments and in online behavior.
5. Show courtesy to classmates/speakers.
6. Initiate consultations with the instructor when assistance is needed regarding class assignments.
7. Appropriately cite information obtained from other sources, both in written and verbal formats. Please refer to the academic honesty section below for further details.
8. Initiate withdrawal from the course if you have missed two units of work.

Student Code of Conduct Policy

Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening will not be tolerated and may lead to disciplinary action and/or removal from class.

AI Use Policy

The ethical use of AI is encouraged in this course because recent industry trends indicate employers want you to know how to use AI *INTELLIGENTLY*.

1. AI is a tool to support your learning, but it cannot replace the critical thinking, creativity, and independent work that are integral to your academic growth.
2. If you use AI to generate a presentation outline, you are required to substantially revise and personalize it using my guidelines. Specifically, you must:
 - a. Cite it, for example, *Outline generated by ChatGPT, January 15, 2026*.
 - b. Verify all citations for accuracy and provide a direct link to the source (AI-generated citations are often incorrect or fabricated)
 - c. Add proper VERBAL source citations according to my instructions
 - d. Expand content with additional research information and analysis
 - e. Incorporate your own insights, examples, and perspectives
 - f. Submissions that consist primarily of unmodified AI output will receive no credit. Simply accepting AI-generated content without critical engagement does not demonstrate learning or meet course standards. AI should serve as a starting point for your work, not a replacement for thoughtful engagement with course material.

Using AI responsibly for other coursework

1. AI tools can be excellent for brainstorming and refining your work, but they cannot replace your own thinking. Keep in mind that AI-generated content is often:
 - Factually incorrect
 - Supported by inaccessible, outdated, or completely fabricated citations
 - Generic and forgettable
2. For Professional Documents: While AI can help polish your resume or cover letter, wholly AI-generated materials are usually too bland to stand out. *Your authentic voice, experiences, and skills are what make you memorable to employers.*
3. What's Not Allowed: Submitting AI-generated assignments without substantial original contribution is prohibited and will receive no credit.

AI can be an effective tool for brainstorming ideas and refining your work, but it should enhance, not replace, your own critical thinking. See the campus AI policy.

Plagiarism and Cheating

Students are expected to do their own work on all outlines, quizzes, presentations, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

1. Turning in an outline or paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail-order term paper mill.
2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation.
3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
4. Missing in-text or verbal citations.

Cheating violations include, but are not limited to, the following

1. Obtaining an examination by stealing or collusion.
2. Discovering the content of an examination before it is given.
3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination: **I expect you to use notes and the textbook for quizzes.**
4. Entering an office or building to obtain unfair advantage.
5. Taking an examination for another.
6. Altering grade records.
7. Copying another's work during an examination or on a homework assignment.
8. Taking pictures of a test, test answers, or someone else's paper.
9. See the AI use policy above

Course Organization

This course is organized into Units. You can access the Unit Folders by clicking on the Course Content link on the Navigation bar in Blackboard. Unit folders will contain a combination of reading assignments, lecture videos or screencasts, links to additional readings and/or video material, and other content that will help you understand the focus of that unit. Additionally, there will be various assessments included in each unit, such as quizzes, learning activities, major assignments, discussion boards and comments, video blogs, video conferences, speeches, and peer and self-evaluations. Check the course schedule to see the specific assessments included in each unit and specific due dates for each assessment.

You can access your grades on the Blackboard Navigation bar in Gradebook. Grades will be posted after the due date and after all assignments have been graded. Speech Grading Rubrics will be made available to you when speeches are assigned so that you can prepare for my assessment methods.

Your final grade will be determined as follows:

- To earn an A, you need 89.5%
- To earn a B, you need 79.5%
- To earn a C, you need 69.5%
- To earn a D, you need 59.5%
- If your percentage is 59.4 or less, you will earn an F

If you have questions about or are concerned about a specific grade you earned, you will need to email me or visit me in virtual or face-to-face office hours to discuss the grade. If you want to appeal a grade you earned on a specific assignment, you have one week after the grade has been posted in Blackboard to approach your instructor about your questions or concerns. After one week, I will consider the matter closed. When you approach me after viewing your grade, you are expected to have revisited the assignment or speech description, the grading rubric, and the feedback provided to you by me.

Assignment Submissions

You will UPLOAD, NOT LINK, all assignments through their designated submission link in Blackboard. All documents must be submitted as .docx, .rtf, or .pdf files. I cannot open MAC files. I will NOT ACCEPT links to OneDrive or Google Drive. The only exception to this rule is for the Career Research Interview Assignment with a large audio or video file.

When uploading your first submission, you may have some questions. I have a video that shows how to submit assignments with the assignments. I usually allow unlimited submission attempts so if it does not work the first time, you can just try again. If you repeatedly submit your assignment in the wrong place or just email it to me, I will deduct 5 points from the assignment.

You are required to title your assignments in the following format: **Lastname_Firstname_Assignmentname.docx**

Example: Greene_Rebecca_PeerFeedback.docx

All text document files should be submitted as .docx or .pdf files. I will ask you once to convert a .pages or other file to a .pdf file, and after that, incorrect file types will receive a 0. Linked documents will not be accepted!

Course Work

 - The Informative Speech will be delivered to your audience in real-time in the Informative Speech Video Conference.
 - The Persuasive Speech will be delivered to your audience in real-time in the Persuasive Speech Video Conference. Additionally, this speech will require you to use a PowerPoint Presentation.
 - If you must miss a scheduled video conference, please notify me in advance if at all possible. You are required to email me to arrange a live makeup presentation—**recorded speeches will not be accepted**. To pass this course, **you must present at least one live speech to your group**.
 - You may make up one presentation for full points in the case of illness or another documented emergency. A doctor's note is required for illness.
 - If you miss a presentation for any other reason, you may still make it up live, but 20 points will be deducted.
 - During group presentations, you are expected to be on time, prepared, and an attentive, respectful audience member. Points will be deducted if you are late, unprepared, or inattentive audience member.
 - The speech assignments are explained in the Assignments section of Blackboard. Additional information can be found within the Unit folders for the corresponding chapters.
2. **Peer and Self-Evaluations** You will complete peer evaluations and self-evaluations. These evaluations will give you the opportunity to reflect on your speeches and the speeches of your group members.
3. **Unit Quizzes** You will take unit quizzes based on chapter and supplemental readings, lecture videos, and any other supplemental material presented in each unit.
4. **Learning Participation, and Activities** You will complete learning activities designed to help you apply course material and prepare for your upcoming speeches.
5. **Vlog Entries and Vlog Group Comments** You will create 1-minute vlogs (Video Blogs) related to course and unit material. These vlog entries will require you to summarize content, apply content to your personal life, reflect on your experiences in the course, practice skills taught in the course, and ask questions of your group members. Additionally, you will respond to the questions posed in the vlog entries of your group members.
6. **Career Research Interview** You will find a professional in a job you would like to have 5-10 years after finishing your education. You will interview the professional about that career. You may either audio record the interview or do a short, videoed presentation about what you learned in your interview.
7. **Group Project** You will be assigned a group and together you will use multimedia and create an infographic project.
8. **Exams** There will be 3 major exams during the course.

Attendance & Late Work

Live Presentation and Makeup Policy

1. Presenting live during your scheduled video conference is mandatory and a requirement to pass this course. **You must deliver at least one live presentation to receive credit for the class**.
2. If you miss your scheduled presentation due to an emergency, you may make up one presentation for full credit, but **you must contact me by email or message before the video conference begins and provide documentation of your emergency**.
3. If you miss your presentation for any other reason, you may still make up one presentation, but 20 points will be deducted from your grade. The makeup will be scheduled at a time determined by the instructor.
4. All makeup presentations must be delivered live. Pre-recorded speeches will not be accepted or graded under any circumstances.

Late Work Policy

Unit quizzes, learning activities, discussions, vlogs/comments, speech uploads, and peer and self-evaluations are due by 11:59pm Central Standard Time on the due date listed on the Course Schedule. If something comes up and you need an extension, please email me. I will typically allow a few extensions. If you have something major happen that may affect you for longer than a few days during the course, please let me know.

Withdrawal Policy

For the full-semester course, the last day to withdraw with a grade of a "W" or drop the course is **April 23**.

For the 8-Week course, the last day to withdraw with a grade of a "W" or drop the course is **April 30**.

It is the student's responsibility to withdraw from this course. Otherwise, students will be assigned their earned letter grade at the end of the course. Course averages will be updated frequently, and students can seek guidance from Professor Greene throughout the term to help decide whether they need to drop the class or not. For more information regarding drops/withdrawals, please visit the SPC Website.<https://www.southplainscollege.edu/admission-aid/apply/schedulechanges.php>

Computer Crash

Not having a working computer or a crashed computer during the semester will not be considered an acceptable reason for not completing course activities at a scheduled time for a prolonged period. If you have a one-time issue, I will usually work with you. **Tip:** Identify a second computer before the semester begins, that you can use when/if your personal computer crashes.

Server Problems

When the Blackboard server needs downtime for maintenance, the Blackboard administrator will post an announcement in your course informing the time and date. If the server experiences unforeseen problems your course instructor will send an email and make adjustments as necessary.

Lost/Corrupt/Disappeared Files

You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of failure (e.g., Blackboard server crash or virus infection, students own computer crashes, loss of files in cyberspace, etc.) or any contradictions/problems, I may/will request you to resubmit the files. In other words, if you submit a document to me, and I do not receive it (lost in cyberspace) or it is corrupted when I open it, you need to resend it to me, corrected, with little or no "downtime" regarding the timeline for submission.

Professor Expectations of the Student

1. You are expected to log into the Blackboard course **every weekday** to be aware of announcements/reminders and to pace your progress in the course.
2. Colleges and universities recommend that students spend 2–3 hours of study outside of class for every 1 hour spent in class.
 - For a 16-week course, this adds up to about 6–9 hours per week.
 - For an 8-week course, the workload is doubled, requiring about 12–18 hours per week.
 - This is a significant time commitment—make sure you can dedicate the time before committing your time and resources.
3. Online course activities promote learning and the creation of a learning community, so they are encouraged and expected.
4. You will video conference from ONE location per conference. You will NOT video conference in a moving car, especially IF YOU ARE DRIVING. It is dangerous, it is unprofessional, and the connection will often have issues. I will disconnect you from the video conference if you connect in a moving car you are driving, and you will be counted absent.
5. Students are expected to maintain an online environment conducive to learning, which includes "netiquette" (**Internet etiquette**).
 - Ensure that your e-mail messages, discussion board postings, and other electronic communications are thoughtful.
 - Be concise and clear.
 - Diverse opinions are welcome in this course, and you are expected to demonstrate an open mind and courtesy when responding to the thoughts and ideas of others. If you disagree with someone, respond with respect.

- Read your written response out loud to yourself before posting it. Doing so helps identify errors, unclear wording, and awkward phrasing, ensuring your response is clear and professional.
- If you experience cyberbullying or harassment from anyone in this course, please report it to me immediately. Creating a safe and respectful learning environment is my responsibility, and I take it seriously.

Course and Technical Help

Please message, e-mail, or call me if you have course-related questions. I am here to guide you through the course. I will try to respond to calls and e-mails within 24 hours during the week and 48 hours (about 2 days) on the weekend. If you do not hear from me within that time, please contact me again.

Be aware that the Instructional Technology office and Blackboard both recommend using a browser other than Internet Explorer when using Blackboard.

Please remember that this course focuses on **business and professional communication skills, not computer programs like Windows or Word.** I am happy to help with questions about our course content or assignments. If you run into technical issues, I encourage you to reach out to the **IT Help Desk, 806.716.2600, or helpdesk@southplaincollege.edu.**

You can also check our college's online resources so you can stay on track in the course. I find that searching for a solution on the internet is one of the quickest ways to answer technical questions about your specific device or internet browser.

Important Notes

- Check your SPC email often, or forward it to the email address you check regularly.
- You have TWO weeks after a grade is posted to discuss the grade with me. After such date, the grade will not be changed.
- You may make up ONE presentation for full points in the event of an emergency, and documentation is preferred. No pre-recorded presentations will be accepted. All presentations MUST be presented live. **If you miss doing your presentation for any other reason, 20 points will be deducted.**
- April 23** is the last day for a student to drop a course with a W.
- If you have something happen during the semester which makes you miss more than a week of content, please let me know a little about your situation as soon as possible. Don't wait! Sending an email to let me know what is going on is much better than just waiting and missing several weeks of content.
- Missing a major assignment – cover letter and resume, speech, exam, etc – will result in lowering your course grade one letter grade. **You MUST present at least one live presentation to your group to successfully complete the course.**

If there are differences between the assignments /deadlines on Blackbaord and this Schedule, **the Blackboard dates are correct.** Blackboard is updated throughout the semester and this schedule isn't.
