Plagiarism and Cheating Policy

There is zero tolerance for academic dishonesty in this course. Do not under any circumstances use words you didn't write in an essay or assignment without proper documentation. If you're not sure about proper documentation, you must reach out via email or office hours to ensure academic integrity. Plagiarism will automatically result in an F for the assignment and can result in getting dropped from the course with an F. In addition, an Academic Dishonesty Report may be filed with the Dean of Students.

Plagiarism violations include, but are not limited to, the following:

1. Using Artificial Intelligence websites or apps to generate, revise, or translate all or part of a paper or other assignment;
2. Turning in a paper that has been purchased, borrowed, or downloaded from another writer or from an online site;
3. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
4. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them;
5. Submitting an assignment for this course that you also submitted to another course without my express approval;
6. Missing in-text citations and/or missing works cited entries.

Cheating violations include, but are not limited to, the following:

1. Obtaining an examination by stealing or collusion;
2. Discovering the content of an examination before it is given;
3. Using an unauthorized source of information (notes, textbook, texting, internet, Quizlet, etc.) during an examination, quiz, or homework assignment;
4. Entering an office or building to obtain unfair advantage;
5. Taking an examination for another;
6. Altering grade records;
7. Copying another's work during an examination or on a homework assignment;
8. Rewriting another student's work in Peer Reviews so that the writing is no longer the original student's;
9. Taking pictures of a test, test answers, or someone else's paper

Artificial Intelligence Usage: AI writing apps like Grammarly and Quillbot have become popular, but they now go beyond fixing grammar and spelling and can change wording, sentence structure, and diction level. They also leave an AI “footprint,” which can be detected, not to mention alter your writing so it doesn’t read like your voice at all. Do not use AI apps to create your essays or assignments, and do not use Grammarly, Quillbot, and other AI paraphrasers to change your words, diction level, or sentence structure. If you do, you may earn a zero and be dropped from the course for plagiarism/cheating. If you struggle with wording and grammar, meet weekly with a free tutor and work to strengthen your own writing skills.
