3. A passing score of 70% must be achieved on the comprehensive midterm exam to receive permission to enroll in the Spring semester.

- D. **Academic Integrity:** It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt or perceived attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, up to dismissal from the academy with no possibility of re-admittance.

Cheating: Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, and illegal entry or unauthorized presence in an office are examples of cheating. Complete honesty is required of the student in the presentation of all phases of course work. This applies to quizzes of whatever length as well as to final examinations, daily reports, and term papers. If caught cheating by any of the instructors, the student may face dismissal from the academy with no possibility of re-admittance.

Plagiarism: Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines, and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

B. Attendance Policy:

Punctual and regular attendance is required of all students. Students are responsible for all classwork covered during any absence from class. Only four excused absences are allowed during the semester. Saturdays count as two class days. All-day absences on Saturday will count as two absences. Students who miss more than four class days will be subject to expulsion from the SPC Basic Structural Firefighter Academy. Tardies count as half-absences. A student is considered tardy if they are not in the classroom ready for instruction with their accountability tag in the appropriate location at 1800 on weekdays and 0800/whenever the second class starts on Saturdays. The clock in the back of the classroom is the clock that attendance will be based on. Two tardies will result in one complete absence. Tardies will result in the student's engine running three towers before leaving for the day. Leaving class before the class dismissal will also result in a half-absence, even if the appropriate chain of command is notified of the early departure. If the student does not inform the APPROPRIATE chain of command or any instructors and departs class early, that will result in two unexcused absences. If a student knows that they will be absent, as soon as they are aware of the absence, they must notify their company officer with the 5 W's, who will, in turn, route the information up through the chain of command to the academy coordinator. Absences are excused only at the discretion of the Academy Coordinator.

C. General Conduct:

1. Respect:

Respect will always be given by all students and instructors. If an instructor is speaking, students should not be. Any disrespect by a student will be reported to the academy coordinator and may result in the student's dismissal from the academy with no possibility of re-admittance.

2. Uniform:

The uniform of the day will be established by either the lead instructor or the class leadership. At a minimum, the uniform will consist of black, shine-able boots, black 5.11 tactical pants, a black belt, and a tucked-in SPC Fire Academy t-shirt. Only SPC Fire Academy items will be authorized for wear in class. Neither ball caps nor beanies are approved to be worn indoors. If worn, caps will be worn with the bill facing forward. When polos are worn, SPC Fire Academy t-shirts will be worn as undershirts. Warming layers are authorized for wear underneath polos. Warming layers may be navy blue, black, white, or grey and may only be solid in colors (no logos or graphics may be visible). While in uniform, students will not wear necklaces outside of the shirt. Wearing headphones in uniform is not authorized. Violations in uniform wear will result in a minimum of 3 towers for the student before leaving for the day.

3. Personal Appearance:

Students will dress and carry themselves as if they were at a job interview. Uniform items should not be wrinkled and should always be clean when worn. Body piercings, metal watchbands, or metal rings are not authorized for wear during class. For males, hair will be kept neat and will not interfere with the seal of the SCBA when worn WITHOUT having to adjust the hair first. Mustaches and sideburns are the only facial hair authorized. Mustaches must not extend past halfway between the corner of the mouth and the jawline. Sideburns may not extend lower than the ear lobe. For females, hair must be pulled back in a way that does not interfere with PPE when worn.

4. Personal Protective Equipment:

Before class every day, students will conduct SCBA checks on their assigned SCBA. If it is discovered that a student was present for class but did not perform their check before class, the student will be counted as tardy for the day that they did not conduct their check before class. At that point, standard tardy repercussions will take place. If at any time during the semester PPE is damaged or lost, the student with the damaged/missing gear must immediately report the discrepancy up through the student's chain of

command. If it is determined that negligence was involved, the student will be financially liable for replacing the gear. If the student refuses to replace the equipment, he/she may be dismissed from the academy with no possibility for re-admittance, as well as having the value of replacement equipment added to their balance through the SPC Business Office. If the student is a part of a volunteer department or otherwise has COMPLIANT PPE of their own, they may wear their compliant gear in place of the SPC-issued compliant or non-compliant PPE. A student may not wear personally owned non-compliant gear. Every piece of gear has its life-saving purpose. Therefore, at no time will a student drop or throw any piece of PPE or equipment. If unintentionally dropped, the student will do ten pushups on the spot. If done intentionally, the student will do ten pushups on the spot and then run three towers carrying above their head the piece of gear thrown/dropped.

5. Electronics:

While in class, all electronics are not to be seen. They will be put away and silenced. If a phone is seen out or goes off in class, the owner of the phone will run three towers before leaving for the day. All electronics are authorized to be used during breaks. Exception: if the student has an emergency that they need their phone to stay updated about, they will be allowed by the class Instructors to keep their phones out solely for receiving text updates.

6. Outside of Class:

The uniform is only authorized for wear outside of class while in transit to and from class, and while at lunch between Saturday classes. While in uniform, understand that the general populace assumes that you are Lubbock Firefighters. Behave accordingly; watch your language/topics of conversation and carry yourself in a way that represents the firefighting community in the highest respect. It has taken years to build that reputation, yet an individual action can destroy it in an instant.

7. Injuries:

All students are bound by the parameters outlined in the syllabus, regardless of outside circumstances. If a student falls short of the standard and earns a physical punishment but is unable to perform the punishment due to physical injury, they will hand-write a 300-word essay that is due to their company officer at the beginning of class the following day. The essay will be written over the violation. It will be exactly 300 words with every word over three letters underlined and numbered on top. The exact same essay may not be written multiple times for the same violation of rules.

8. Repeat Offenders:

If, at any time during the academy, a student proves to be a chronic offender of one or more of the policies outlined in the syllabus, the student may be subject to being screened by the academy coordinator and permanently removed from the program at the academy coordinator's discretion.

D. Assignment Policy: All required work, including assignments and periodic exams, must be turned in on time or be subject to penalty points (5 penalty points for each day late). Periodic examinations will be administered covering course content materials. Periodic exams will be administered to cover a maximum of 50 hours of instruction. A comprehensive final exam will be administered at the end of the semester. All students are required to take the final course examination as a prerequisite to successful course completion.

E. Grading Policy/Procedure and/or Methods of Evaluation: An accumulative point system will be utilized to determine the final grade for each student. Grades will be determined by adding the total points achieved during the semester from exams, assignments, and the final. Points will be determined in accordance with the following guidelines:

- 21 Module Quizzes worth 10 points each; 8.4% of Final Grade.
- 21 eBook Quizzes worth 10 points each; 8.4% of Final Grade.
- 25 TCFP Quizzes worth 60 points each; 60% of Final Grade.
- Cumulative Midterm exam worth 500 points; 20% of Final Grade.
- Community Service worth 80 points; 3.2% of Final Grade.

The following guide for points-to-grade will be utilized to determine the final assessment:

Overall Percentage Earned	Letter Grade
90% to 100%	A
80% to 89.99%	B
70% to 79.99%	C
60% to 69.99%	D
59.99% or less	F

1. A passing score of 70% must be achieved on the comprehensive midterm exam to receive permission to enroll in the Spring semester.
2. An overall mean score of 70% or higher must be achieved on the 25 TCFP Quizzes to receive permission to enroll in the Spring semester.
3. A passing score of 70% must be achieved on the Cumulative Midterm exam

to receive permission to enroll in the Spring semester.
