Purpose: This course will educate students on the basic knowledge, understanding, and value of a regular program of walking, jogging, and running as a means of promoting total fitness.

REMIND APP – I will use the REMIND APP in this course as another means of communication due to COVID 19. You don't need to download the app for this to work. To sign up for this tool, you need to text this number **81010** and send the following code as the text message **@fall22wjro**. You will receive a response confirming your registration. This is another option to communicate with me if you choose to use it. I will use it periodically throughout the summer to remind the class of due dates and other helpful information.

Outcomes:

Each student will:

- Recall basic terminology, training principles, and safety guidelines of a WJR program. A written quiz and final exam will measure this objective.
- Recall the knowledge of proper nutrition and its implications for sports performance, physical fitness, and wellness. A quiz and final exam will measure this objective.
- Demonstrate the ability to monitor heart rate during exercise and rest. This objective will be measured by observation of the instructor.
- Recall the procedures to calculate target heart rate zones depending on the individual's age, fitness level, and specific needs. The final exam will measure this objective.
- Discover a WJR activity they enjoy and make it a regular part of a healthy lifestyle. This objective will be measured by observation of the instructor.

Course Instructions

Instructions for this course will come from the Course Weekly Instruction Tab on blackboard. There are many ways to get the information you need, but this is probably the easiest way to navigate the course. **These course instructions will cover everything you need to know for this course from the beginning to the end. If you are ever in doubt, please look at these instructions.**

Course Evaluation:

1. There will be three exam days, at the beginning, middle, and end of the semester, each worth 75-125 points (250 points total; 55 % of your overall grade). These tests will be worth more than your regular weekly workouts. Do not miss these tests, as they account for up to 55% of your overall grade.
2. **Fifteen weekly discussion board posts about your two weekly assigned walks and/or runs, each worth 15 points (225 points total; 45% of your overall grade).** Photos of your results attached to your discussion board post from one of the run tracker apps will be required. Thoughts and details in your discussion posts about your runs will be required to receive full credit. I want to know if your walks/ runs are getting more comfortable as the semester progresses, if you're sore from your workouts, what the weather was like, if anyone ran with you, and how hard you pushed your run, and so on. The location of your walks/ runs and whether you will run there again should also be included in these posts. These assignments will be due by 11:59p Sunday night each week. **Multiple Runs are not allowed to be completed on the same day. Specific instructions are given to you when you turn your runs in for credit. Not following these instructions will cause you to get a zero for the assignment.** The primary goal for the discussion portion of the course is to "talk" about what you are feeling on your runs, so it is acceptable to be somewhat informal and conversational; however, check your grammar and spelling and not use text message lingo. Read and respond to others' posts even if it does not directly say to do so in your assignment. Your grades on these assignments will not be based on whether you give correct answers but will be based on your content. Please use the "Create Message" function to begin a new post and the "Reply" function when responding to others. Please be respectful of others when posting on the DB, and keep your content appropriate and on the subject matter. *(Students who do not comply with this last statement will be dropped from the course.)

Administrative Drop Policy: Due to Financial Aid and South Plains College requirements for participation/attendance, a student who fails to complete and turn in by the due date listed six total assignments will be dropped and either receive an "X" or "F" (at my discretion).

A student who stops attending AND stops completing assignments, must take the responsibility of contacting the Registrar's Office to drop the class.

I do not drop students for non-attendance. You are responsible for initiating the drop process if you decide not to complete the course. Students who stop attending and do not complete the coursework will receive an F at the end of the semester.

PLEASE NOTE: The last day to drop this course is Thursday, December 1, 2022

Be advised – I do not accept late work for any reason.
