Course Evaluation

****This is a corequisite/joined class. Therefore, the grade earned in READ 0301 will be the same grade awarded in EDUC 1100 and vice versa.****

****A grade of C or better will need to be earned to move on to the next course****

The grades you receive on your assignments, quizzes, homework, digital work, drafts, revisions, papers, and participation activities are indicators of your progress toward

college-level reading and writing. Students will be asked to keep an ongoing record of these grades. Additionally, it is each student's responsibility to continually monitor academic progress posted in each student's grade book on Blackboard.

Grades are determined by the following scale:

90-100 = A

80-89 = B

70-79 = C

60-69 = D

0-59 = F

***I only round up to the next whole number when a student's final average is at a 59, 69, 79, or 89. Example: a 79.3 = 80.*

Grade breakdown for the class is as follows:

Weekly Reading Assessments (4)	5% of grade
Weekly Discussion Board/Participation	20% of grade
Weekly Assignments and Reading Analyses	45% of grade
Final Reading Assignment	10% of grade*
Townsend College Success and Reading Assignments	20% of grade
TOTAL	100%

**Students with a course average of a B or higher at the end of the semester (before the final assignment is due) will be exempted from the final assignment.*

Attendance and Class Policies

Attendance is an incredibly important part of your success as it gives you the chance to ask questions and actively participate.

Attendance in an Online Course/Dropping a Class

You should plan on logging into the course 4-5 times a week to complete weekly modules, remain engaged with the class, and see important weekly announcements.

***If a student logs in but completes no assignment/discussion board by the 4th class day/census day (September 10, 2025), the student will be dropped from BOTH the READ and EDUC portions of this class.**

After the 12th class day, I rarely drop students from courses. Only in extreme cases (i.e., foul language, inappropriate online behavior) will you be dropped. Therefore, please make sure you withdraw from the course if you are not succeeding in the class.

Online Behavior/Discussion Board "Netiquette"

It is expected that you will use professional language, free from slang or profanity, in the discussion board, journal prompts, collaborative exercises with students (e.g., Zoom groups, wiki's etc.), and with any correspondence with the professor. There may be times when you agree with some people or disagree with others; that is OK in a discussion!! The important thing is to communicate in a professional, respectful manner. Also, you are expected to keep all posts related to the topic being discussed that week. Any communication, whether written or verbal, that is discriminatory in nature will not be tolerated and will be dealt with immediately. This could result in being withdrawn from the course, and/or being reported to the Dean of Students' Office.

***Grading Policy/Uploading Assignments/Blank Documents ***

- You are expected to submit quality, college-level work, free from errors and slang, on the date on which assignments are due (please see an overview course schedule and Blackboard modules).
- You are expected to keep all material from the class during the course of the semester.
- Grades are updated weekly and entered into the Blackboard grade book.
- It is the student's responsibility to monitor their grades and progress.
- Normal turnaround time for grading is two weeks (generally sooner).
- ******IMPORTANT!!!!** **Please ONLY upload assignments in PDF or Word versions! I WILL NOT accept any assignments in Pages** (or software programs other than Word, Google Docs, or PDFs). Blackboard and Turnitin cannot "read" this software!
 - A grade of 0 will be entered in the grade book for any document in a format in which I cannot download/edit/read, which includes Pages for Mac users.
- Please upload assignments through the assignment link in each weekly folder (unless otherwise noted).
 - I am not responsible for lost or misplaced assignments, or assignments that are awarded a 0, because they were uploaded to the wrong area.
- If you submit a blank document, this will be considered a 0. You will be able to resubmit any assignments within 1 day of the assignment deadline (with the exception of essays and drafts).
- I am not responsible for paper/homework that is not attached when submitting an assignment.

- Assignments must be authentic and created in a student's own voice. Please see the policy related to plagiarism and generative AI ,below.
- I may request additional information from students (i.e., all links for sources, drafts written, notes kept, etc.). Please keep ALL work related to this class!

Late Work Policy

- **Weekly assessments, discussion board posts, and the final reflection will not be accepted late** without written permission from the instructor. You will need to email me BEFORE a deadline if you would like me to consider any extension due to an unforeseen circumstance.
- **For weekly homework ONLY, you will be allowed to submit assignments up to 1 day late.** I will send you a reminder that will be emailed to your SPC email. You will have until the following day (11:59 pm, CST) to submit the missing assignment. After that, a grade of 0 will be recorded in the grade book. This does not apply to discussion boards or exams.

If a student is dealing with an unforeseen circumstance (e.g., a death in the family, an illness), **the student should contact the instructor immediately, before the due date of an assignment.** The instructor reserves the right to request appropriate written documentation (e.g., doctor's note). Please do not assume that the instructor will change the date of an assignment, or extend the date, due to an unforeseen circumstance. *It is only at the instructor's discretion that due dates may be amended or extended.* If a date is changed, it will only be changed/amended/extended once. After that, a grade of 0 will be given for additional missed assignments.

Assignment Policies/Requirements

- You will receive a **set of specific instructions** for **each assignment**, as well as the rubric, which will be used to grade your weekly reading assignments.
- Unless otherwise noted, all assignments should be typed in Word, Google Docs, or saved and uploaded as PDFs.
- REMINDER!!! Assignments will ONLY be accepted in Microsoft Word and PDF versions, uploaded through Blackboard and Turnitin.

Discussion Board Requirements

Discussion Board Requirements

Initial post, 100 words, due by Thursday, 11:59pm – worth up to 50 points
You will have until Sunday of that week (11:59pm) to post one additional reply (50 words) to another classmate – worth up to 50 points

You will be in a small group; you will be interacting with the professor and other classmates.

Grading: Grade is based on length, quality, and timeliness. Posts that add to discussion, question things, solve issues, apply concepts, answer every part of the question, and use examples from the book and other sources are considered “A” posts.

Generative AI Policy

Artificial Intelligence (AI) can be helpful for students to use as a springboard or brainstorming tool. However, **it cannot replace the critical thinking, creativity, and independent work that are expected for assignments submitted in this class and that are integral to your academic growth.** Submission of an assignment composed by AI is considered a violation of academic integrity.

Students are expected to do their own work on all projects, quizzes, assignments, digital homework, exams, and papers. Failure to comply with this policy will result in an F/0 for the assignment and can result in an F for the course, and/or a referral to the Dean of Students.

South Plains College's AI policy may be found here:

<https://www.southplainscollege.edu/syllabusstatements/>

Generative AI policy: Our Turnitin system utilizes an AI checker. Should an essay/assignment be flagged as having used AI, and/or, if the submitted work differs greatly from previously submitted work, the student will be notified by the instructor for further consultation and discussion.

Depending on the situation (and only in a "first offense" situation), the student may be provided a short window of time in which to rewrite the essay using no AI devices (including things such as Grammarly, Microsoft Word editor, and even translator software). If they refuse this option, students will be awarded a 0 for that assignment.

Additionally, I may request additional information to support that a student did not use AI device software (i.e., ask for all links for sources, drafts written, notes kept, output created, etc.). Please keep ALL work related to this class!

Should an additional occurrence of AI usage occur, the student will be awarded a 0 for the assignment, an F in the course, and an administrative drop (with an F) from

the course.

For this class, there are only **TWO acceptable AI platforms** that may be used for specific assignments (these assignments will be marked clearly in Blackboard):

1. Dr. Warnick's "Reading" ChatGPT Bot
 2. Dr. Warnick's Magic School AI Classroom
- Both of these will be linked in the course, as you will be using both to practice learning how to generate prompts and read output.
 - You must save ALL output from these bots! If there is ever a question about AI usage, I will ask to see the dated output, which is stored automatically for you in each of these platforms.

SPC Institutional Policies

Attendance: Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus. When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college, or an official activity, the instructor may permit the student to make up work missed. **It is the student's responsibility to complete work missed** within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first-class meeting. Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

Academic Integrity: It is the aim of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present assignments that he or she has not honestly performed is regarded as a serious offense. The offender is liable to the consequences for cheating and plagiarism as described in the SPC catalog in sections, "Academic Integrity" and "Student Conduct."
