Submit the assignment using the Gradescope app before the deadline. Check the calendar.

Pass this Class

Be present in class, both physically and mentally.

Print notes from Blackboard and bring to class. Use a 3 ring binder to keep them organized.

If you prefer to write notes on paper, use a spiral.

Complete homework on the day it is assigned. Then you will be able to ask questions, if needed.

Ask questions! When you send an email, send a picture of your work.

You may use your homework on your quiz. **Write the title for the assignment on the page.**

To receive full credit on practice problems and exams, you must show all work that leads to your answers. The work must be legible, make sense and be easy to follow. All work and answers should be handwritten.

The best way to study for a math exam is to practice working problems over and over again.
