Below is a list of chapters that will be covered in this course. The student will carefully read and study the required chapters in the textbook. The exams are not “Open-book”. The student will take an online 25 question multiple-choice exam over each assigned chapter. A time limit of 30 minutes will apply to each exam. Each question will count 2 points each. Therefore; each exam will equal 50 points. I allow two attempts on each chapter exam. It is the student’s decision whether to take the exam a second time. The highest score of the two attempts will be counted. If a student elects to take the chapter exam only one time that will be the recorded score. There are 11 chapter exams

for the semester. I will drop your lowest chapter exam score (if you do not take an exam that becomes your lowest score). Therefore, only the 10 highest exam scores will be counted.

Ten (10) chapter exams = 500 points.

All eleven chapter exams will open up for test taking on Tuesday September 4th at 8:00 am. Notice there is due dates/times by which each chapter exam must be taken. Students who fail to take chapter exams by the scheduled date/time will receive a grade of zero (0) for that exam. Once you begin the exam you cannot stop. If you are unable to take an examination because of problems with your computer or your server; you will receive a zero (0) for that examination. Therefore, make sure you are using a reliable server and computer. **There are no exceptions to this policy.**

NOTE: The questions on the exam will be delivered one at a time and the student will not be allowed to revisit the questions. Questions must be answered in the order given. Questions can be skipped; but once a question has been answered or skipped, it cannot be revisited. It is important to remember to click "Save Answer" before moving to the next question. SPC policy regarding “standard English”: All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in “academic English,” a form of English that is typically used in academic, professional, and business contexts. While slang, regional idioms, and informal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing. Writing instructors and professors in courses across the campus expect all students to demonstrate proficiency in using the conventions of academic English in their written work.

Cheating will **Not** be tolerated and will result in immediate failure in the course. While this course is conducted over Blackboard, it is not a group effort, nor is it “open-book”. Honesty and integrity are expected at all times.
