Additional Materials: Instructor will provide additional materials from a variety of sources including current event articles.

Course Structure: The course consists of videos, readings, assignments, and tests. All materials, including the required textbook, are available on Blackboard or in class.

Attendance: Attendance is required, and roll is taken each class. Being on time is important since announcements are typically made at the beginning of class. If you miss a class, you are responsible for catching up through classmates or Blackboard; lectures will not be repeated, and slides are not posted online. An absence includes missing class, arriving more than fifteen minutes late, or leaving early without permission. Three late arrivals of five or more minutes count as one absence. Notify the instructor ahead for planned absences and provide schedules for approved events within two weeks. For medical or urgent absences, submit documentation promptly upon return.

Student Performance: Consistent academic performance is expected throughout the semester. Extra credit opportunities are not available, and options for making up missed work are limited. **Students who miss or fail three consecutive assignments or quizzes may be withdrawn from the class with a failing grade, without prior notice.** Frequent late submissions may also result in withdrawal from the class at the instructor's discretion.

Attendance in person and completion of Quiz 1 by January 28, 2026 (the census date) are required; failure to meet these requirements will result in removal from the course.

GENERAL POLICIES

- **Behavior:** Students should treat both each other and the instructor with respect. For guidance, consider these words from the late Justice Antonin Scalia: "I attack ideas. I don't attack people. And some very good people have some very bad ideas. And if you can't separate the two, you gotta get another day job." Any behavior that disrupts other students' learning will not be accepted.
- **Getting help:** If you are having trouble with readings, lectures, or assignments, please come see me or send an email. The sooner you reach out for assistance, the simpler it will be to resolve your issue. I cannot help unless I know about it. When emailing, remember to include your full name, course number, and section number in the subject line (e.g., GOVT 2305-003, 2305-004, 2305-005; where 2305 is the course number and 003,004, or 005 is the section number). This will help ensure a speedy response. Communication needs to remain courteous and professional in both emails and course assignments. Any disruptive or disrespectful conduct can lead to losing assignment credit and possible referral to the Office of Student Conduct.
- **Academic Honesty:** Adherence to honesty is required of all students. Plagiarism and cheating, including copying answers from external sources, other students, or using AI-generated work, are strictly prohibited and may result in dismissal from South Plains College. Instances of academic dishonesty on examinations will lead to course failure and may result in further disciplinary action, up to and including dismissal from South Plains College.
- **AI (artificial intelligence):** If there is reasonable suspicion that a student used artificial intelligence to complete their assignment, the student will be notified and must arrange a video meeting with the professor. Not attending or failing to explain adequately during this meeting will result in a grade of zero. AI can be useful, but genuine learning comes from personal effort.
- **Electronics:** The use of electronic devices and headphones during class is strictly prohibited unless prior authorization has been granted. Should it be necessary to make or receive phone calls, please step outside the classroom. Students found misusing technology in class will lose the privilege of using these devices for the remainder of the semester. Furthermore, research suggests that handwriting notes enhances retention of information.

SPECIAL CONSIDERATIONS

South Plains College policies concerning Disabilities, Non-discrimination, Title IX Pregnancy and Parenting Accommodations, CARE (Campus Assessment, Response, and Evaluation), Intellectual Exchange, Campus Concealed Carry, COVID-19, and AI (Artificial Intelligence) can be found here: [Syllabus Statements](#).

Student Absence for Observation of Religious Holy Days: A student who is absent from classes for the observation of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence **if, not later than the fifteenth day after the first day of the semester, the student had notified the instructor of each scheduled class that the student would be absent for a religious holy day.**

**If you have a disability, please notify me during the first week so that we may discuss appropriate accommodations. Should you have any concerns, do not hesitate to reach out so we can develop an effective plan together.*

Evaluation Method:

Quizzes	20%
3 Exams	40%
Assignments	30%
Attendance	10%

Grading: The grading scale will be as follows:

90-100 = A	80-89 = B	70-79 = C	60-69 = D	< 59 = F
------------	-----------	-----------	-----------	----------

**You earn your grade; that grade is entered. Grades are updated bi-weekly (sometimes earlier depending on the reading involved). If you have questions about grades, please email.*

Quizzes: Quizzes will cover vocabulary and/or readings. Missed quizzes can only be made up with instructor approval. Each quiz may be taken up to **two** times; the **average grade** will be recorded. Taking both attempts is optional but this encourages proper preparation. Quizzes will be located online.

Assignments: You will have a reasonable number of assignments. Late work loses **10 points per day** and will not be accepted **after five days**. Late work will not receive grading priority. Individual assignments count more than quizzes, so complete all required work rather than trying to offset a zero. If you need any clarification on assignments, please email. Some assignments will take longer to grade than others depending on the amount of reading and feedback required. Email if you have any concerns about assignment grades.

Exams: Three exams are given, including a final. The first two will include multiple-choice plus short answer or fill-in-the-blank; the final has only multiple-choice and fill-in-the-blank for quick grading. Make-up exams require prior approval and possibly documentation, please email the instructor to schedule. There are **no make-ups for the final** due to grade deadlines. For emergencies, contact me. The semester end date will change deadlines so pay attention to due dates. The final exam schedule is posted in the **START HERE** section of your class on BlackBoard.
