Using this Transfer Advising Guide with ENMU

This Transfer Advising Guide represents the SPC coursework and alerts students to equivalent ENMU courses offered through the lower-level of credits required of a bachelor's degree and is subject to change at the university's discretion. It is intended for advising purposes only so students know exactly which courses they can take at South Plains College and have the courses count towards degree requirements when they transfer to ENMU. It is highly recommended that students meet with their assigned academic advisor to review all graduation and transfer requirements listed in the Transfer Advising Guide. The ultimate goal is to provide students with accurate information for transfer pathways while minimizing loss of credits in transfer. Students are encouraged to review ENMU's requirements frequently. The Transfer Advising Guide is based upon ENMU's catalog and is subject to change.

Degree Information	
TSI - Compliance	
Students who are not TSI-compliant in reading or English are advised to take the INRW0300/ENGL1301 corequisite. Successful completion will grant TSI-compliance in these areas and college-credit for ENGL1301. ENGL1302 requires a 'C' or better in the corequisite or approval by the English Chairperson. Students who are not TSI-compliant in math are advised to take the MATH0314/MATH1314 corequisite. Successful completion will grant TSI-compliance in math and college-credit for MATH1314.

Applicable Transfer Credit Hours	
Evaluation of course credit earned at other institutions does not ensure approval of the credit for use toward specific degree requirements. Transferred courses completed may be applied to fulfill course requirements in majors, minors, or concentrations. Applicants must submit official transcripts from all accredited institutions attended. All college-level, courses completed with a passing grade of D or above at regionally accredited colleges and universities (not including trade or technical schools) will be evaluated for acceptance of academic transfer credit. Students who complete Associate of Art or Associate of Science degrees at SPC are considered to be "Gen Ed Complete" at ENMU. Students completing Associate of Applied Science degrees may need additional general education requirements. ENMU strongly recommends that all SPC transfer students complete the equivalent of the A.A. or A.S. general education requirements in full at SPC prior to transferring. Vocational or technical credits are also evaluated but may be applied only to Bachelor of Applied Arts and Sciences (B.A.A.S.) or Bachelor of Career and Technical Education (B.C.T.E.) degrees. Developmental coursework is not applied to any degree. ENMU determines acceptable transfer credit on the basis of an evaluation of course content as described from the sending institution's catalog and in consultation with the appropriate academic units at Eastern New Mexico University as necessary for clarification. While all credit hours presented on the sending institution's transcripts will be evaluated and equivalent college level courses posted to the student's academic record. Courses that are accepted for transfer do not necessarily apply toward college, departmental, or program degree requirements. Those courses may count as elective credit and may impact financial aid limits. To meet ENMU residency requirements, students must complete at least 30 hours, taken from coursework at ENMU Portales's campus. Those 30 hours must also be taken during the last 60 hours toward the ENMU degree.
